

# SYDNEY TOWN HALL

## THE BUILDING AND ITS COLLECTION

Sydney Town Hall is one of Sydney's much loved landmarks, renowned as a major architectural icon and the pre-eminent site in Sydney for cultural expression, ceremony and ritual. Together, the Town Hall building and its collection speak to us of the people, the places, the events and occasions, the celebrations and reflections that are unique to the City of Sydney.

Compiled by the Town Hall's curator, Margaret Betteridge, this new publication *Sydney Town Hall: the building and its collection* presents a lavishly illustrated architectural tour of the building and its glorious interiors and showcases the Council's collection of artworks, historical items and civic traditions.
