## Resolution of Council

**18 SEPTEMBER 2006**

### **ITEM 7.5**

#### **ECONOMIC DEVELOPMENT WORKSHOP (S045984)**

It is resolved that Council endorse the following priority areas of work for 2006/07:

- (A) draft an economic development framework which will set out Council's vision, goals and principles for economic development in the City of Sydney;
- (B) conduct evidence-based research to underpin Council's economic framework and strategic planning;
- (C) develop a sub-regional strategy in partnership with the Department of Planning;
- (D) pursue strategies that will support the economic development of Green Square;
- (E) identify the strategic interventions (and partnerships) Council needs to make to support the City's tourism sector;
- (F) communicate to stakeholders the range of activities currently undertaken by Council which serves to provide an optimal business environment;
- (G) engage with CBD stakeholders more effectively to understand the needs of key industries;
- (H) engage with local business organisations to support precinct-based economic development initiatives; and
- (I) note that the development of an Integrated Transport Plan is critical to the economic development of the City.

Carried unanimously.
