The city wants to hear what you have to say and update you on key projects

Come along to the Community Forum for your area – Redfern, Waterloo and Eveleigh. Talk to Councillors and senior staff about issues in your area from 6.00pm to 7.00pm.

Then, from 7.00pm to 8.30pm we will discuss with you the many exciting projects the City has underway (and in planning) throughout your local area.

We are interested in what you have to say about your neighbourhood, so join us to discuss what's planned for the Inner South area. Remember, this is your village, your city and this is your opportunity to have your say!

I look forward to seeing you.

Clover Moore MP
Lord Mayor

COME ALONG AND HEAR ABOUT...

Redfern revitalisation

The City's upgrade to Redfern and Regent Streets is almost complete and the precinct has already taken on new life. Public artworks will be installed in the coming months and the City is investigating the relocation of the Neighbourhood Service Centre from Lawson Square to Redfern Street.

Redfern Park upgrade

Stage 1 works on Redfern Park have begun with the eastern part of the park closed for the upgrade. The Baby Health Facility remains open and residents can still enjoy use of the western side of the park. Earthworks for the new grandstand and oval are also underway.

Waterloo Oval Youth facility

The new skate park's popularity has confirmed the need to upgrade the Waterloo Oval and Youth Facility, in line with the City's Youth and Skate Facility Needs Study. Planning and consultation for the upgrade begins this year.

What kind of Sydney do you want in 2030?

Sustainable Sydney 2030 is your chance to help shape the future of Sydney. The project will deliver a plan to guide the development of the City of Sydney for the next 20 years and beyond.

Just as previous generations had the imagination and daring to think for the future, giving us a rail network, the Harbour Bridge and the Opera House, we now have the duty and opportunity to think – and act – boldly for the benefit of future generations.
