Drawing & Emotion

with Isabel Watts
Darlington Studio
1 x Wednesday 1 February
6pm - 9pm

Art and emotion go hand in hand - this program will allow you to explore various emotions through the artmaking process while developing your drawing skills. The course will include the use of mediums such as charcoal, conte, coloured ink, graphite and pastel. You will learn how to use line, tone and colour to create detailed drawings. You will also explore the potential of drawing by depicting your own emotions through imagined landscapes and life/still life.

SPFX: Film Special Effects

with Craig Bunker
Darlington Digital Studio
1 x Mon 20 February OR
1 x Mon 5 March
6pm - 9pm

Join Craig Bunker (aka Bunkwaa) for an exciting introduction to film special effects, or SPFX, as it is called in the industry. Using Green Screen techniques, you will create a short film sequence, while learning about filming, editing and sound effects. Green Screen is commonly used in film special effects for placing an object or person in an impossible setting (eg: flying in space). A great course for the budding film maker.
