## 2. About the City

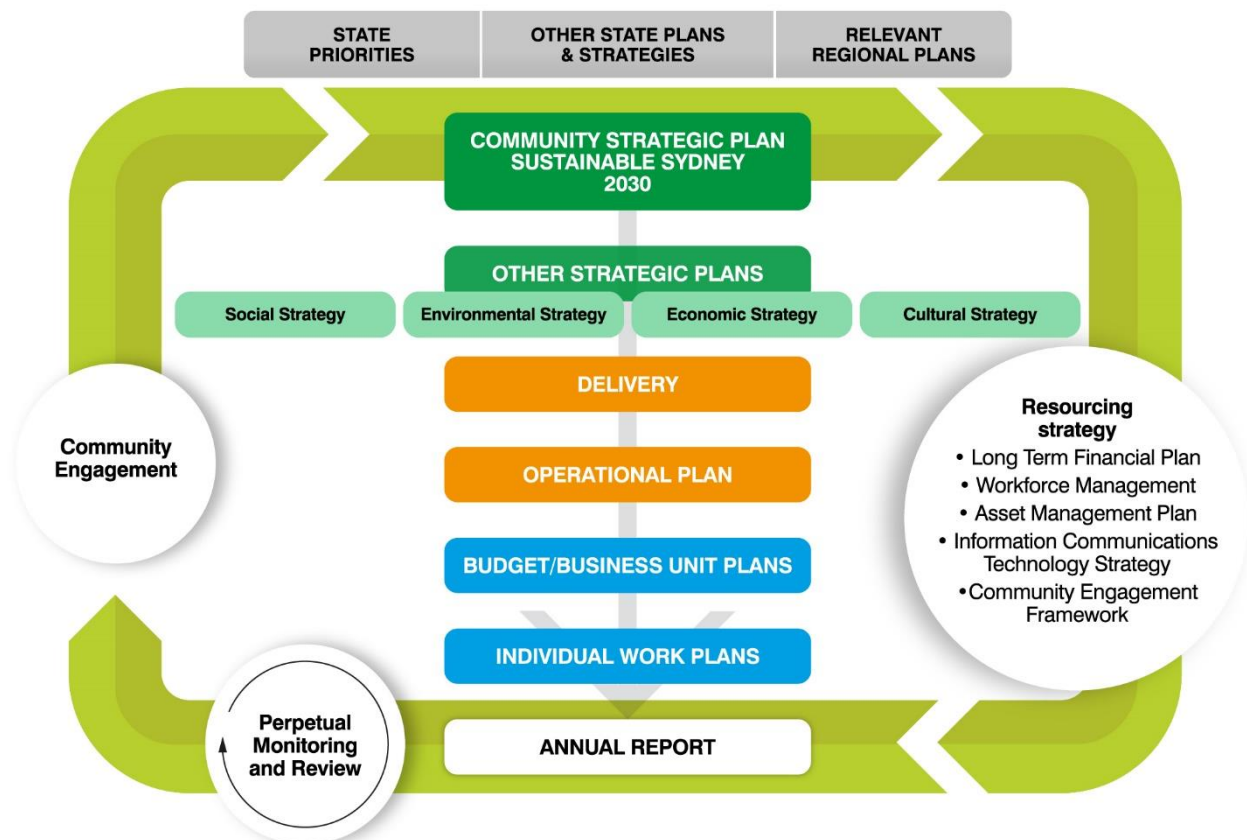

City of Sydney Town Hall

### The Integrated Planning and Reporting Framework

The Integrated Planning and Reporting framework for NSW Local Government was introduced by the NSW Government in 2009. These reforms of the Local Government Act 1993 replace the former Management Plan and Social Plan structures.

The City of Sydney's response to this statutory framework for planning and reporting is embodied in the suite of Integrated Planning documents which will be placed on public exhibition in May-June 2017.

***Integrated Planning and Report Framework: Adapted from the Office of Local Government NSW Guidelines, available at [www.olg.nsw.gov.au](http://www.olg.nsw.gov.au)***

*NAIDOC in the City of Sydney; A showcase of Aboriginal and Torres Strait Islander cultures*

## An Ongoing Program to Achieve a Green, Global, Connected City

Sustainable Sydney 2030 is an ongoing commitment by the City of Sydney to achieve the vision and targets set out for a Green, Global and Connected City.

## Establishing Partnerships for Change

The City of Sydney has a critical role in implementing the program. However, it can only be achieved with community, business and government.

## Aligning Council's Program and Operations

The City of Sydney's 4 year Delivery Program identifies the actions to deliver the long-term goals and outcomes specified under each strategic direction over the next four year period. The financial plan for the delivery of this program is also identified. From this program, the Operational Plan 2017/18 is derived as an annual instalment, which also includes the detailed budget and revenue policy.

## Resourcing the Plan

To support the community's objectives expressed in Sustainable Sydney 2030, a long term resourcing strategy is required as part of the Integrated Planning and Reporting framework. This serves to both inform and test the aspirations expressed in the strategic plan and how Council's share of the required actions might be achieved.

The Resourcing Strategy (2017) which accompanies this Community Strategic Plan includes five components:

- Long Term Financial Plan (LTFP)

- Workforce Strategy
- Asset Management Strategy
- Information and Technology Strategic Plan
- Community Engagement Framework

Costs for the principal activities undertaken by the City of Sydney under Sustainable Sydney 2030, including the continued provision of current services at the appropriate levels necessary to meet the objectives of the community strategic plan, are brought together in the Long Term Financial Plan. This provides a 10-year view of the costs and what can be funded by the City of Sydney or may be required from other sources.

The City of Sydney's workforce capacity to meet the objectives of the strategy and the broad challenges and responses to planning our future workforce are outlined in the Workforce Strategy (2017).

Asset management is a critical area of local government responsibilities, governed by legislated standards. The status, needs and resourcing plan for each key asset area in the City's care are shown through the Asset Management Strategy (2017).

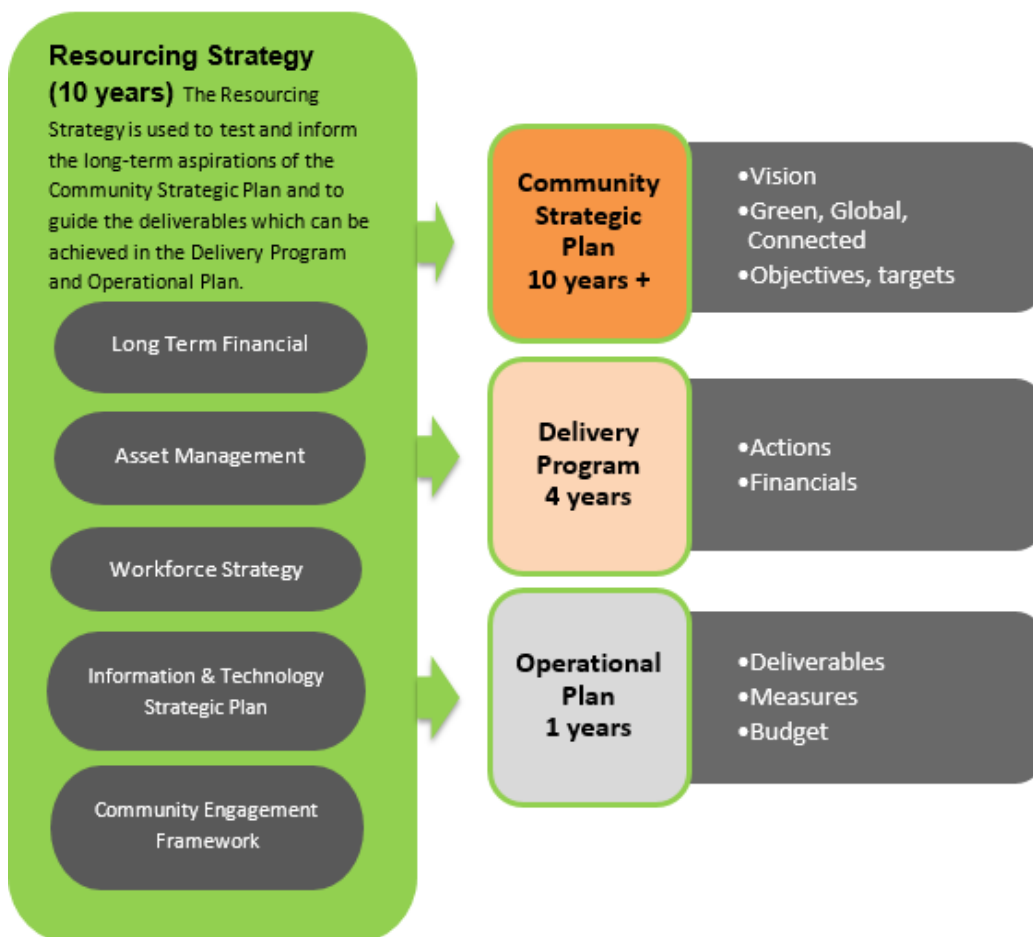

The Information and Technology Strategic Plan sets out the medium-term direction for Council and provides a roadmap to improve the quality and use of digital services, unlock the inherent value of information and data, and optimise investment in technology in support of Sustainable Sydney 2030 and other key business strategies.

## How the Documents Relate

How the City of Sydney's Integrated Planning and Reporting documents work together is illustrated by the diagram below. All of the key plans prepared and updated periodically and subject to a review following the election of each new Council.

This years' Resourcing Strategy includes an updated **Information and Technology Strategic Plan** and also an **Engagement Strategy**. Also being reviewed is the Inclusion Action Plan as part of the City's commitment to create an inclusive City.

### Monitoring Progress

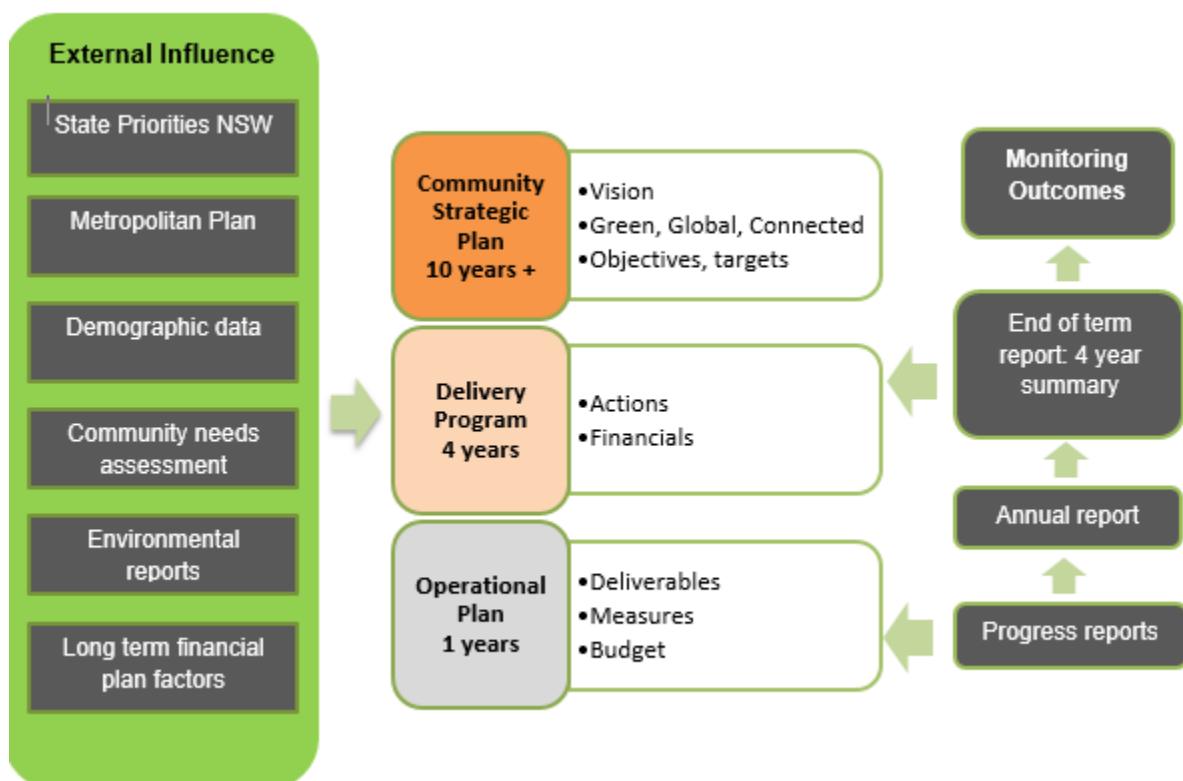

Monitoring of a sustainable Sydney requires a multi-layered process. First there is Sustainable Sydney 2030. As the Community Strategic Plan this requires a monitoring report against broad sustainability indicators for the community and area as a whole.

The Delivery Program and annual Operational Plan are monitored through half yearly, annual and four yearly performance reports and quarterly and yearly financial reports to Council. These reports provide details of our operational performance, and our progress towards Sustainable Sydney 2030.

### Community Indicators

The City has also undertaken a major project to establish a comprehensive set of community wellbeing indicators that measure progress across social, cultural, environmental, economic and democratic perspectives.

The Community Indicators will be adding an additional dimension to monitoring and reporting on Sustainable Sydney and to the evidence base for Integrated Planning and Reporting.

*Crowd enjoying

## Making it Happen

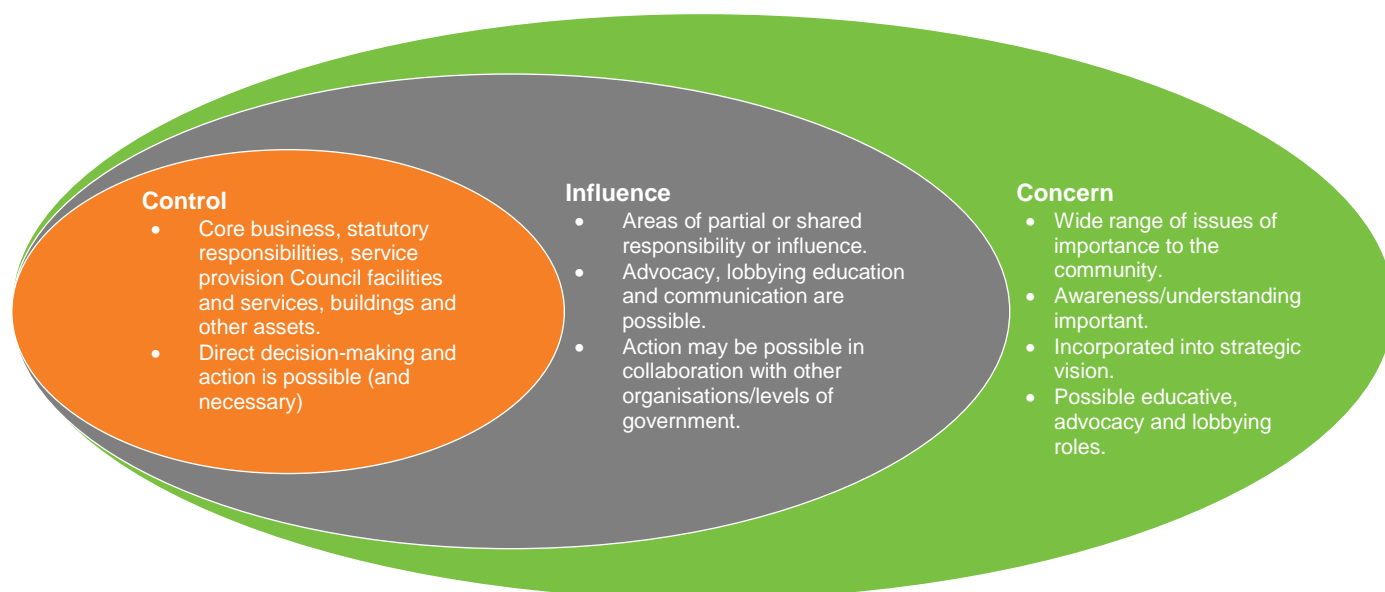

### The City of Sydney – Roles and Responsibility

The City of Sydney, as a local government organisation, is governed by the requirements of the Local Government Act (1993) and Regulation, the City of Sydney Act (1988) and other relevant legislative provisions.

The Local Government Act includes the Charter, which identifies the matters councils need to consider when carrying out their responsibilities. While following this Charter, in reality councils have a range of roles – as a leader, service provider, regulator, advocate, facilitator and educator. Councils have a responsibility to formulate and pursue their community's vision and ideas, provide civic leadership, deliver key services and express local ideas and concerns about important issues to other levels of Government.

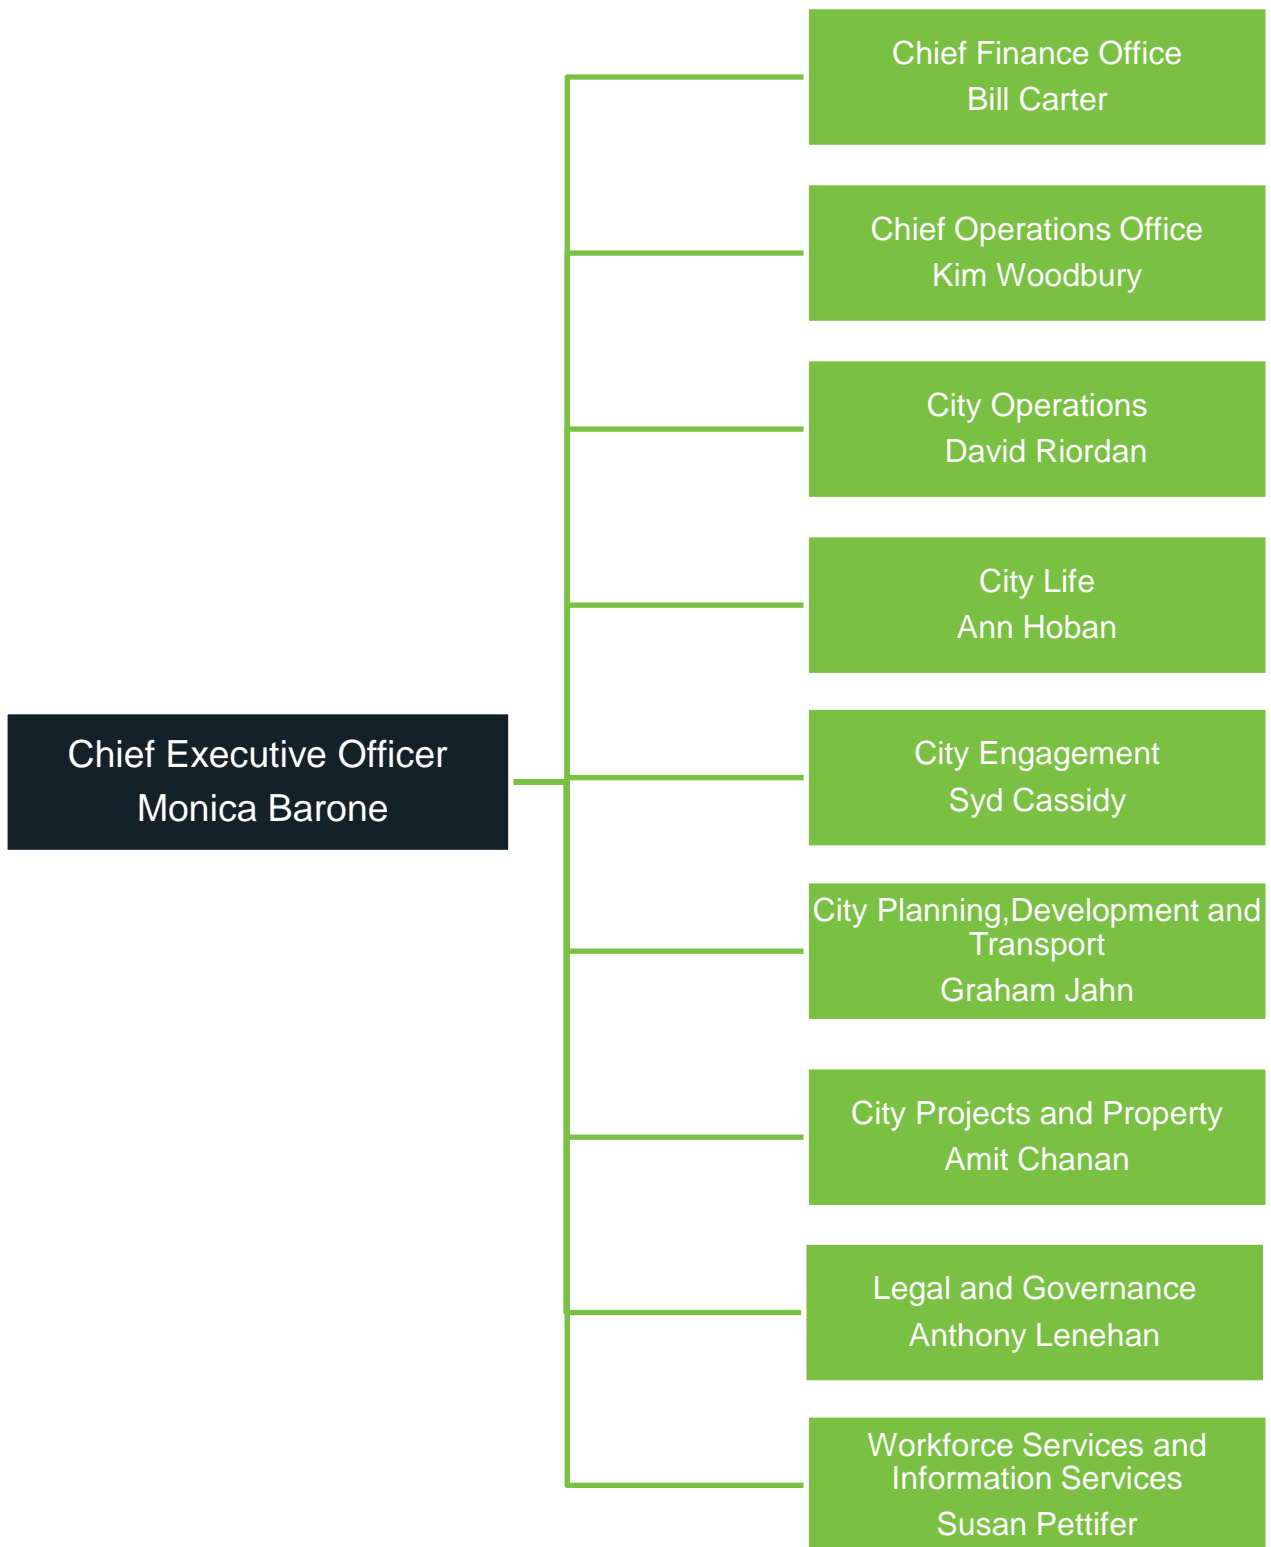

There are services that all councils must provide, and some which councils can choose to make available. Many services are also provided by different state and federal agencies, such as public transport, hospitals, and education. There are new policy approaches that influence or direct Council's responses, and legislation that affects the provision of current services. Council's roles extend beyond the direct provision of services to advocating for an equitable allocation of resources from the state and federal governments.

In following the directions of Sustainable Sydney 2030 and striving to achieve its objectives, there are limits to what Council alone can control or even influence. As indicated by the diagram below, however, the City of Sydney, like Sustainable Sydney 2030 itself, is concerned with the full range of issues that affect the wellbeing of the City and its communities.

## Organisational Structure and Senior Executive

*Dragon Boat eye dotting ceremony, Darling Harbour*

## Corporate Governance

The City of Sydney is governed by the requirements of the Local Government Act (1993) and Regulations, the City of Sydney Act (1988) and other relevant legislative provisions.

Council policy, strategic directions and major corporate decisions are determined by the elected Council, chaired by the Lord Mayor. Day to day operations are largely delegated to the Chief Executive Officer or managed in conjunction with the Lord Mayor, as provided for in Council resolutions and delegations, and in accordance with relevant legislation. Corporate performance is monitored through quarterly financial reports, and six monthly operational performance reports to Council and the community.

## Governance Framework

The governance framework of the organisation is implemented, monitored and reviewed by the Executive.

## Risk Management

The City of Sydney is embedding risk management principles across the organisation based on the latest international standards to ensure good corporate governance within the City. This includes the following risk management structures:

- Risk Management Policy, Program and Frameworks
- Audit Risk and Compliance Committee
- Fraud and Corruption Control Strategy Code of Conduct
- Emergency Management Committee
- Business Continuity Plan

- Internal Audit Charter
- Workplace Health and Safety Management System

The Legal and Governance division advises on legal and governance issues and is responsible for identifying and protecting the City of Sydney against legal and governance risks. The Workforce and Information and Services division advises on occupational health and safety, personnel and information risks.

## External Audit

The City of Sydney has the NSW Audit Office as their external auditor. The External Auditor provides independent audit opinions on both the general and special purpose financial reports of Council, audits statutory returns relating to a number of Council activities (including the ratings return, domestic waste return, parking enforcement gain share), reports to the Council and the Minister of the conduct of the audit, issues a management letter detailing any matters that arise during the course of the audit and provides any supplementary reports where required by the Office of Local Government. The External Auditor also contributes to Council's Audit, Risk and Compliance Committee meetings.

## Internal Audit

Internal audit is an important part of the City of Sydney's risk management processes. The City of Sydney has an internal function in place, using a combination of internal and external expertise and resources.

*Solar panels are installed on the roof of the pavilion at Sydney Park*

### **Audit, Risk and Compliance Committee**

The Audit Risk and Compliance Committee plays an important role in the City's governance framework. It provides Council with independent oversight and monitoring of the City's audit, compliance and risk processes and its other internal control activities.

The primary objectives of the Committee are to assist the Council in discharging its responsibilities relating to:

- financial reporting practices;
- business ethics, policies and practices;
- accounting policies;
- risk management and internal controls;
- compliance with laws, regulations, standards and best practice guidelines; and
- ensure the integrity of the internal audit function.

The Audit, Risk and Compliance Committee Charter sets out the committee's roles and responsibilities and its oversight of the internal and external audit functions, including any statutory duties. The committee has three independent members, one of whom acts as Chair as well as two Councillors.

### **Accountability and Transparency**

The City of Sydney takes seriously its responsibility to be open and accountable to the community. The City responds to requests made in accordance with the Government Information (Public Access) Act 2009 and proactively revises information about decisions. The City

of Sydney fully complies with the intent and requirements of all legislation. At the same time we respect people's privacy by not releasing personal details where inappropriate.

We are working towards integrating all of our major plans and reports into a sustainability reporting structure to make it easier for the community to know what we are doing on their behalf.

### **Procurement and external contracts**

The City of Sydney procurement processes meet the highest standards of probity and integrity. The City's objective in entering into contracts is to obtain goods and services to perform its functions, while using public funds wisely, honestly and in compliance with legislative and public interest requirements. All contracts over \$150,000 undergo a rigorous and open tender process. All other contracts follow best practice and are selected on a value for money basis.

### **Code of Conduct**

The City of Sydney adopted the provisions of the Model Code of Conduct issued by the Office of Local Government in June 2008. All staff are required to undertake compulsory refresher training on the Code of Conduct every two years.

The importance of ethical behaviour is also stressed to all staff through our employee induction processes. All staff are met on their first day by staff from Workforce Services who explain to them key policies, procedures and expectations of the organisation with regard to staff behaviour. This is followed up by a comprehensive local and corporate induction.

## Fraud and Corruption Prevention

The City of Sydney has a Fraud and Corruption control strategy, which includes a section on protecting whistleblowers. Strategies to minimise fraud and corruption are embedded in to corporate systems and processes. Complaints of corrupt conduct against Council staff or Councillors can be made in writing to:

**Governance Unit City of Sydney**

**456 Kent Street**

**Sydney NSW 2000**

Complaints about staff members will be referred to the Legal and Governance Division for investigation.

Complaints about Councillors and the Chief Executive Officer will be referred in accordance with the provisions of the Code of Conduct. Complaints can also be made directly to the Independent Commission Against Corruption who will refer you to the appropriate channels if it is not appropriate for them to investigate the complaint themselves.

## Our Workforce

Attracting and retaining skilled and talented staff with the capability to deliver the City's objectives is critical to implementing Sustainable Sydney 2030. The City of Sydney aims to be an employer of choice for people seeking to make a difference to their communities.

The City aims to strengthen its strategic workforce management in order to address the future workforce challenges of Sustainable Sydney 2030, while also improving the work environment for current staff.

The City's Workforce strategy has six strategic priorities. Collectively they aim to optimise the City of Sydney's workforce strengths, address our most critical challenges and support a high-performing, values-driven workplace.

Our six strategic priorities are:

- Leverage our common purpose
- Foster employee engagement and performance
- Build an agile and skilled workforce
- Apply a digital mindset
- Develop our diverse and inclusive workplace
- Strengthen our healthy workplace.

## Technology & Information Management

Information and technology are critical enablers of business and service transformation, improved effectiveness and efficiency, collaboration, and inclusive participation.

The City's Information and Technology Strategic Plan recognises that technology is an enabler for business improvement and service delivery. High quality information and data that supports strategic and operational decision making are critical.

The City's Information and Technology Strategic Plan has four key focus areas:

- Digital Service Delivery
- Information and Data
- Enterprise Systems
- Enablers of Change – (Workforce and Governance).

*City of Sydney libraries now have new self-service kiosks and helpdesk pods*

## Customer

The City of Sydney is committed to providing the highest levels of customer service to the community and building a strong customer service culture. We have a Customer Service Charter which sets out our commitment to delivering high quality services to the City's diverse range of customers in line with Sustainable Sydney 2030. The Charter identifies the minimum standards of service which can be expected, and offers advice on how customers can provide feedback if service standards are not met.

### 3. Strategic Directions and Principal Activities

For the purposes of section 404 of the Local Government Act 1993, this Operational Plan and the following ten Strategic Directions are derived from the Community Strategic Plan (Sustainable Sydney 2030, Draft 2017) and contain the City of Sydney's principal activities to respond to the long term strategy of (financial years) 2017-2018.

Each of the following Strategic Directions are set out to show that City of Sydney works under the principles of **PLAN, DO, CHECK, ACT**.

The Strategic Direction sets out our high level outcomes, with objectives, projects, programs and services identifying what it is we are doing to achieve the objectives. Delivery measures, including key

performance indicators are used to measure our progress towards the outcomes.

In improving our planning and reporting to address Sustainable Sydney 2030 outcomes, we have developed a number of new key performance indicators. Not all of these indicators have historical data to report, nor do they all have identified targets.

There are two reasons for this.

First, it is not always appropriate to set targets, as some indicators are better served by plotting trends to measure performance.

Second, where we do not have historical data we do not know what is an appropriate target to set. This will be changed where appropriate as we collect enough data to guide us in target setting.

*Fireworks light up the sky during the opening night celebrations for the 2017 Chinese New Year Festival*

#### **Strategic Direction 1-A globally competitive and innovative city**

Keeping Sydney globally competitive is central to Sydney's and Australia's future. The city must focus on the global economy and sustained innovation to build economic resilience and ensure continuing prosperity.

#### **Strategic Direction 2-A leading environmental performer**

The City of Sydney has adopted ambitious targets for the reduction of greenhouse gas emissions, potable water use and waste to landfill.

We will work towards a sustainable future that mitigates environmental impact and adapts to a changing climate.

We also understand the importance of green space and urban biodiversity. We have developed comprehensive policies and clear targets to increase the urban canopy, biodiversity, waterway health and the physical greening of the city.

#### **Strategic Direction 3-Integrated transport for a connected city**

Quality transport will be a major driver to sustainability, amenity, ease of mobility and the economic competitiveness of our city – the city must offer a variety of effective and affordable transport options.

#### **Strategic Direction 4-A city for walking and cycling**

A safe, comfortable and attractive walking and cycling network linking the city's people and places.

#### **Strategic Direction 5-A lively and engaging city centre**

Our international iconic status will be maintained and our distinctive character enriched with great streets, vibrant public spaces, a rich cultural life and a well-planned and functioning city centre, both day and night.

#### **Strategic Direction 6-Resilient and inclusive local communities**

Building communities through enhancing the capacity of our people and the quality of their lives.

#### **Strategic Direction 7-A cultural and creative city**

The City is committed to supporting Sydney's cultural life. We recognise the intrinsic and instrumental value of creativity as a cultural, economic and social force.

#### **Strategic Direction 8-Housing for a diverse population**

An increased supply of diverse and affordable housing for our rapidly growing community.

#### **Strategic Direction 9-Sustainable development renewal and design**

Beautiful and sustainable places support community wellbeing and resilience.

#### **Strategic Direction 10-Implementation through effective governance and partnerships**

Partnerships across government, academia, business and community sectors; leadership in local, national and global city forums; and a proactive, resilient, well-governed organisation.

# Strategic Direction 1

## A globally competitive and innovative city

Keeping Sydney globally competitive is central to Sydney's and Australia's future. The city must focus on the global economy and sustained innovation to build economic resilience and ensure continuing prosperity.

### OBJECTIVE 1.1

Plans are in place to accommodate growth and change in the city centre and other key economic areas.

Delivery Program Code	Deliverables	Responsible Area
1.1.1 City Planning	Conduct a review of the planning controls for Central Sydney to ensure adequate capacity for jobs growth.	City Planning, Development and Transport
1.1.2 City Development	Liaise with state agencies and deliverers of Barangaroo, Darling Harbour Live and major public or private developments to ensure there are lively waterfront parks, continuous foreshore access, cafes, culture, entertainment, social inclusion, community buildings and integration with surrounding areas.	Chief Operations Office
1.1.3 Service Delivery	Develop and implement a visionary plan to serve as an operating model for service delivery into 2030 with a focus on driving efficiencies and reducing environmental impacts and improving customer experiences.	City Operations

### OBJECTIVE 1.2

The city economy is competitive, prosperous and inclusive.

Delivery Program Code	Deliverables	Responsible Area
1.2.1 Economy	Continue to implement the OPEN Sydney strategy to develop a vibrant, safe and sustainable night time economy that offers a diverse range of leisure and entertainment options for all ages and interests, with inviting and safe public spaces, easily accessible information and connected transport.	City Life
	Implement priority projects and programs from the International Education Action Plan that focus on student 'welcome', 'well-being' and 'work-integrated learning opportunities'.	Chief Operations Office / City Life
	Develop and implement the International Economic Action Plan that focuses on promoting Sydney; attracting talent, visitation and investment; connecting local businesses and organisations with international opportunities; and, building skills and capacity through knowledge exchange.	Chief Operations Office / City Life

	Implement priority projects and programs from the Retail Action Plan that create great experiences, build capacity and resilience, remove barriers, and engage with the sector.	Chief Operations Office / City Life
	Implement priority projects and programs arising from the Tech Start Up Action Plan to support the growth of the tech start-up ecosystem.	Chief Operations Office / City Life
	Implement priority projects and programs from the Eora Journey Economic Development Plan that focus on support for Aboriginal and Torres Strait Islander business owners, employees and education success.	Chief Operations Office / City Life
1.2.2 Strategic research, analysis and knowledge sharing	Collect data, undertake strategic analysis, and provide demographic and economic development information to industry, academia, government and business.	Chief Operations Office

**OBJECTIVE 1.3**

The city economy is an integrated network of sectors, markets and high performing clusters.

Delivery Program Code	Deliverables	Responsible Area
1.3.1 Knowledge and skills	Deliver and support networking events, forums and seminars to foster business to business engagement, peer learning and cluster development.	City Life/City Engagement
	The City's grants and sponsorship programs supports activities that provide significant economic benefits to City of Sydney business communities and residents.	City Life
1.3.2 Affordable spaces - economic	Optimise the use of City owned properties as affordable space within the context of the City's economic action plans	City Life

**OBJECTIVE 1.4**

The city economy is resilient.

Delivery Program Code	Deliverables	Responsible Area
1.4.1 Economic Resilience	Contribute to metropolitan and state-wide strategic economic planning.	Chief Operations Office

**OBJECTIVE 1.5**

The city enhances its global position and attractiveness as a destination for people, business and investment.

Delivery Program Code	Deliverables	Responsible Area
1.5.1 Major Events	Deliver Sydney New Year's Eve that promotes Sydney as a tourist destination as part of increasing awareness of Sydney as a global destination.	City Life
	Deliver the Christmas in the City program as a celebration of Sydney Christmas promoting retail destinations in the city.	City Life
	Deliver the Chinese New Year Festival and Lunar New Year (for Sydney communities, businesses as well as domestic and international visitors).	City Life
	Deliver and contribute to the recognition of Sydney internationally by marketing New Year's Eve, Chinese New Year, Fashion Week, Christmas and other events in association with Destination NSW and Business Events Sydney, international broadcasts, recognition programs and connectivity whether virtual or physical.	City Engagement
	Provide support and sponsorship to identified major events and organisations in recognition of their significant contribution to the social, cultural and economic life of Sydney.	City Life
1.5.2 Visitor Experience	Work in partnership with government and industry to ensure adequate visitor information services and infrastructure is provided to improve the tourism experience for visitors at key tourist precincts.	Chief Operations Office / City Life/ City Engagement
	Implement priority projects and programs from the Tourism Action Plan that focus on destination development, destination management and destination marketing.	Chief Operations Office/ City Life/City Engagement
1.5.3 Business and Investment Attraction	Work with the State Government and other partners on initiatives to promote Sydney, and with Business Events Sydney to attract international conferences to Sydney.	Chief Operations Office/ City Life
1.5.4 Safety	Work with emergency services, relevant agencies, and the community to build resilience in vulnerable communities to prevent, respond and recover from emergencies.	City Operations
1.5.5 Cleansing and waste	Provide high quality, customer focussed street cleansing service that meets the needs of the community.	City Operations

1.5.6 Monitoring and compliance	Maintain inspection programs to monitor legislative compliance in the areas of fire safety, building compliance, late night trading premises and public health.	City Operations/City Planning, Development and Transport
	Operate proactive patrols to monitor legislative compliance and respond to customer complaints including but not limited to DAs, companion animals, noise, litter and unlawful trading.	City Operations

*In celebration of Chinese New Year, the Lunar Lanterns are a creative, contemporary interpretation of a centuries-old tradition*

Performance Measures	Unit	Target/Trend	Responsibility
Sydney as a Brand			
Estimated global media audience (i.e. broadcast, online viewers, publicity) of Sydney New Year's Eve and Lunar New Year.	No.	↗	City Life

Number of international students living in the city	No.	-	

<sup>1</sup> Events include meetings, incentive travel reward programs, conventions and exhibitions that deliver benefits to Sydney's visitor economy.

# Strategic Direction 2

## A leading environmental performer

The City of Sydney has adopted ambitious targets for the reduction of greenhouse gas emissions, potable water use and waste to landfill.

We will work towards a sustainable future that mitigates environmental impact and adapts to a changing climate.

We also understand the importance of green space and urban biodiversity. We have developed comprehensive policies and clear targets to increase the urban canopy, biodiversity, waterway health and the physical greening of the city.

### OBJECTIVE 2.1

Greenhouse gas emissions are reduced across the city.

Delivery Program Code	Deliverables	Responsible Area
2.1.1 Energy efficiency and renewables	Create a net zero building challenge, where the City facilitates the design and construction of Sydney's first net zero buildings, both new and/or retrofits.	Chief Operations Office
	Develop an implementation plan for the 50% renewable by 2030 target for the city.	Chief Operations Office
	Plan for the integration of all fleet operations data and leverage analytics to drive a reduction in greenhouse gas emissions.	City Operations
2.1.2 Sustainable Planning	Explore ways within the current planning system to require energy and water sub-metering in new and refurbished commercial developments, to improve building management and monitoring.	City Planning, Development and Transport
	Develop a pathway for the City's current planning controls to be strengthened over time to deliver net zero building standards.	City Planning, Development and Transport
	Investigate the inclusion of Development Control Plan (DCP) provisions that introduce NABERS Energy Commitment Agreements for new commercial office buildings and major commercial office refurbishments over 500 sqm or 1000 sqm; with other sectors added as fit-for-purpose rating tools become available.	City Planning, Development and Transport
	Regularly review Development Application Standard Conditions to improve environmental outcomes.	City Planning, Development and Transport
2.1.3 Advocacy	Continue to advocate for national electricity rules and other frameworks which allow for fair treatment of efficient generation, supply and use of local low and zero carbon energy.	Chief Operations Office
	Advocate for Ausgrid to adopt LED lights for all public domain light types (street lights, parks etc) in the city area.	City Operations

	Advocate for the establishment and revision of building standards and rating tools to deliver more energy efficient buildings, and for mandatory performance disclosure.	Chief Operations Office
--	--	-------------------------

## OBJECTIVE 2.2

Waste from the city is managed as a valuable resource and the environmental impacts of its generation and disposal are minimised.

Delivery Program Code	Deliverables	Responsible Area
2.2.1 Sustainable Planning	Incorporate minimum waste requirements for waste storage capacity for new developments in DCP.	Chief Operations Office/ City Planning, Development and Transport
	Finalise and promote Waste Management in New Developments Guidelines.	Chief Operations Office
2.2.2 Monitoring and reporting waste	Integrate organisational waste reporting on a new digital platform.	City Projects and Property
	Improved waste data and reporting against City targets.	City Projects and Property
2.2.3 Managing waste and resources	Develop and deliver an on-going education campaign to target contamination of recycling bins and increased participation in residential recycling services.	City Operations
	Promote funding opportunities for innovative technologies and processes that address particular problem waste streams e.g. single use coffee cups, mixed plastics, food and beverage packaging and separate food waste collections.	City Life
2.2.4 Management and compliance	Targeted patrols by City Rangers in the public domain to address illegal dumping, discarded cigarette butts, littering and other activity which is contrary to the provisions of the Protection of the Environment Operations Act.	City Operations
2.2.5 Advocacy	Advocate for state allocation of appropriate land resources to waste treatment, improved waste data, expanded product stewardship, maintaining landfill levy.	Chief Operations Office

**OBJECTIVE 2.3**

Across the city, potable water use is reduced through efficiency and recycling and gross pollutant loads to waterways are reduced.

Delivery Program Code	Deliverables	Responsible Area
2.3.1 Recycled water	Deliver large-scale recycled water projects at Green Square Town Centre and Sydney Park offsite reuse.	Chief Operations Office
	Investigate feasibility of a recycled water project in the George Street corridor.	Chief Operations Office
	Facilitate the delivery of a recycled water project in Greater Green Square by the private sector.	Chief Operations Office
2.3.2 Sustainable Planning	Encourage water efficiency, increased stormwater quality outcomes, onsite water recycling and connection to precinct scale water recycling schemes within planning proposals.	City Planning, Development and Transport/City Operations
	Develop a process to ensure that water sensitive urban design in all developments is assessed (against technical guidelines or by a suitably qualified specialist) to meet or exceed Development Control Plan stormwater quality requirements.	City Planning, Development and Transport /City Operations
	Review planning controls to identify opportunities to facilitate maximum connections of buildings to recycled water in the Greater Green Square area.	City Planning, Development and Transport
	Identify requirements for applicable City buildings to connect to recycled water for cooling tower use.	Chief Operations Office
2.3.3 Advocacy	Advocate for IPART and the NSW Government to implement progressive pricing structures for Sydney Water that reflect resource value and enable water sensitive solutions.	Chief Operations Office
	Advocate for urban renewal areas to meet world's best practice environmental standards.	Chief Operations Office / City Planning, Development and Transport
2.3.4 Stormwater quality / waterway health	Develop a Model for Urban Stormwater Improvement Conceptualisation (MUSIC) to estimate the stormwater pollution reduction of all water sensitive urban design initiatives in both the public and private domain and report against stormwater quality targets.	City Operations
	Refer to Technical Services Drainage Specification for information on Stormwater including stormwater quality devices such as Water Sensitive Urban Design (WSUD), GPTs and raingardens when designing stormwater devices into new developments.	City Operations

	Continue to include raingardens in road and streetscape renewal designs where feasible.	City Operations
	Continue to identify and implement opportunities to include Water Sensitive Urban Design (WSUD) infrastructure in all new City projects.	City Operations
	Where possible, retrofit the City's stormwater system with gross pollutant traps to reduce solids discharged to waterways via stormwater run-off.	City Operations

**OBJECTIVE 2.4**

City residents, businesses, building owners, workers and visitors improve their environmental performance.

Delivery Program Code	Deliverables	Responsible Area
2.4.1 Commercial office engagement	Deliver the CitySwitch Green Office Sydney program to office based businesses to facilitate improved environmental performance.	City Life
	Coordinate the CitySwitch Green Office national program across Australia.	City Life
	Manage the Better Buildings Partnership program for commercial building owners and their agents to facilitate improved environmental performance.	City Life
	Support and encourage building owners, businesses, agents and other key stakeholders to facilitate improved environmental performance within the commercial office sector.	City Life
2.4.2 Business engagement (non-office based)	Support and encourage building owners, businesses, agents and other key stakeholders to facilitate improved environmental performance within the accommodation & entertainment sector.	City Life
	Develop customer sustainability plans for the Commercial Office and for Accommodation & Entertainment sectors.	Chief Operations Office
2.4.3 Residential engagement	Support and encourage building owners, agents, residents and other key stakeholders to facilitate improved environmental performance within the residential apartment sector, as directed by the Residential Apartment Sustainability Plan.	City Life
	Deliver Smart Green Apartment retrofit program for apartment buildings.	City Life

	Support the NSW Government development of the NABERS Apartment rating tool and advocate for a mandatory disclosure of performance requirement for multi-dwelling residential buildings.	City Life
2.4.4 Provision of grants and other cross sector support.	Support the adoption of innovation, address key barriers to the improvement of environmental performance and promote environmental outcomes within our communities through the provision of grants.	City Life
	Develop and deliver a tune-up program supporting owners and tenants improve the environmental performance of their buildings and offices.	City Life
	Develop and deliver a recognition campaign to accelerate resident and business communities' adoption of renewable energy towards a Net Zero outcome.	City Life

## OBJECTIVE 2.5

The City of Sydney's operations and activities demonstrate leadership in environmental performance.

Delivery Program Code	Deliverables	Responsible Area
2.5.1 Environmental Management Systems	Continue to implement environmental management systems that will enable risk and opportunities to be effectively and efficiently managed across the organisation.	Chief Operations Office
	Improve monitoring, reporting and verification of waste, energy and water data and other sustainability metrics for the local government area and our own operations.	Chief Operations Office
	Define, procure and implement improved systems and supporting processes for monitoring, management and reporting of utilities and other sustainability metrics within City-owned assets.	City Projects and Property
2.5.2 Capital Projects	Develop and implement sustainable design guidelines, rating guidance and environmental controls into project management processes, including Voluntary Planning Agreements that deliver assets to the City.	Chief Operations Office / City Projects and Property / City Planning Development and Transport
	Undertake feasibility, planning, design, installation, operation and maintenance of co/ trigeneration plants at the City's aquatic facilities to achieve cost-effective carbon abatement.	Chief Operations Office
	Install solar PV and energy storage infrastructure on suitable City properties and sites to maximise uptake of renewable energy.	Chief Operations Office / City Projects and Property
	Identify and implement opportunities to reduce potable water consumption through efficiency and connection of City assets to recycled water.	City Projects and Property / Chief Operations Office

	Adapt infrastructure design to account for current and future climate change where appropriate (including water sensitive urban design, stormwater management, roads and pavement).	City Projects and Property/City Operations
2.5.3 Asset Management	Lead by example implementing in the City's own portfolio the same environmental performance improvement programs led by the City externally (e.g. Sector Sustainability Plans, Better Buildings Partnership, Net Zero, Government Resource Efficiency Policy).	City Projects and Property
	Improve energy and water efficiency at the City's most resource intensive sites through identification, prioritisation and installation of efficiency measures and changes in management practices, including required metering and monitoring e.g. Major Properties Efficiency Project (MPEP).	City Projects and Property
	Develop an implementation plan to reflect the 50% renewable by 2021 target for the City. Implement via capital works and energy procurement.	Chief Operations Office/ City Projects and Property
	Review and update recycling streams and collection receptacles in City properties, and implement an education and behaviour change program to increase recycling and reduce contamination.	City Projects and Property / Chief Operations Office
	Introduce public place recycling into City aquatic centres.	City Operations
	Develop and rollout an energy and water outcomes improvement program in larger commercial properties to achieve NSW Government Resource Efficiency Policy (GREP) and Better Building Partnership (BBP) targets including NABERS ratings and mandatory disclosure of these.	City Projects and Property
	Review, score (against the BBP Leasing Standard) and commence implementation an improvement plan for the City's precedent lease in BBP portfolio buildings. Continue to actively engage tenants within the City's buildings to facilitate best environmental performance outcomes of whole buildings.	City Projects and Property
	Implement sub metering to capture and report energy and water consumption data to building occupants and tenants to encourage utility consumption reductions and thus improved environmental outcomes, paving the way for future embedded network management for on selling of energy and water.	City Projects and Property
	Manage the light and heavy vehicle fleets to encourage low emission driving behaviour and reduce CO2 emissions.	City Operations
	Continuously analyse new energy efficient fuel options for the City's fleet.	City Operations
	Conduct assessments and develop procedures to ensure that climate resilience is incorporated into management of City-owned assets, including risk identification, design and operations.	Chief Operations Office

2.5.4 Procurement, grant assessment & contract management	Implement Sustainable Procurement Guidelines on selected procurement activities – major construction materials, consumables, major contract, event management and supplier due diligence.	Chief Financial Office
	Procurement of all fleet and heavy plant and equipment specifies highest environmental performance.	City Operations

**OBJECTIVE 2.6**

The extent and quality of urban canopy cover, landscaping and city greening is maximised.

Delivery Program Code	Deliverables	Responsible Area
2.6.1 City Farm	Commence operations at the City Farm.	City Operations
2.6.2 Community greening	Support and promote the development of community gardens, footpath gardening, and sites maintained and managed by community volunteer groups.	City Operations
2.6.3 Urban forest	Continue to deliver tree planting programs to maximise urban canopy and reduce the impacts of the urban heat island effect.	City Operations
2.6.4 Urban ecology	Continue to expand and protect bush regeneration areas in the City's parks and open spaces.	City Operations
	Monitor the diversity, number and distribution of priority fauna species reported on the local government area.	City Operations
2.6.5 Greening Sydney Plan	Continue to deliver the public domain landscaping program.	City Operations
	Deliver Living Colour floral displays to high profile retail and tourist precincts throughout the City during spring and summer.	City Operations
	Encourage new buildings and redevelopments to maximise the integration of landscaping in building design.	City Planning, Development & Transport
	Continue to deliver parks renewal and minor park and open spaces upgrade works.	City Operations
	Identify opportunities to connect parks to recycled or alternative water sources.	City Operations
2.6.6 Parks Water Savings Action Plan	Improve water efficiency at the City's parks through installation of efficiency measures and changes in management practices.	City Operations

**OBJECTIVE 2.7**

The city's buildings, infrastructure, emergency services and social systems are resilient to the likely impacts of climate change.

Delivery Program Code	Deliverables	Responsible Area
2.7.1 Climate change	Identify opportunities to help reduce local air pollution.	City Planning Development and Transportation/ City Operations
	Advocate for revision of engineering and building standards and codes to take account of the projected impacts of climate change on buildings and infrastructure.	City Planning, Development and Transport
2.7.2 Extreme weather events	Work with emergency services, relevant agencies, and the community to build capacity to prevent, respond, and recover from emergencies, including extreme climate events, such as heatwave, severe storms, and poor air quality.	City Operations
2.7.3 Urban heat island effect and flooding risk mitigation	Continue research and trials in reducing the urban heat island effect.	Chief Operations Office
	Continue to implement the City's Interim Floodplain Management Policy, and work collaboratively with asset owners and developers to fund and implement flood risk management plans, incorporating climate change scenarios.	City Operations

Performance Measures	Unit	Target/Trend	Responsibility

# Strategic Direction 3

## Integrated transport for a connected city

Quality transport will be a major driver to sustainability, amenity, ease of mobility and the economic competitiveness of our city – the city must offer a variety of effective and affordable transport options.

### OBJECTIVE 3.1

Investment in public transport and walking and cycling infrastructure encourages more people to use these forms of transport to travel to, from and within the city.

Delivery Program Code	Deliverables	Responsible Area
3.1.1 Planning	Work with the State Government to implement changes to loading, taxi and parking arrangements in-line with the Sydney City Centre Access Strategy.	City Operations/ City Planning Development & Transport
	Support the State Government in developing interchanges and key transport hubs, including those in the Central Business District affected by the Sydney City Centre Access Strategy.	City Planning, Development and Transport
3.1.2 Advocacy	Work with the State Government to develop a rail strategy for Sydney to increase capacity to and within the Central Business District, including planning for West Metro.	City Planning, Development and Transport
	Work with the State Government to review the City Centre Access Strategy, developing agreed approaches to support the functioning of the city centre.	City Planning, Development and Transport
3.1.3 Partnership	Work with the State Government and Taxi industry to implement more taxi ranks in better locations with improved safety in the City Centre during the evening and late night.	City Planning, Development and Transport

**OBJECTIVE 3.2**

Transport infrastructure is aligned with city growth.

Delivery Program Code	Deliverables	Responsible Area
3.2.1 Partnership	Work with the State Government to ensure the best outcomes are achieved for the community on large public transport and road projects.	City Planning, Development and Transport / Chief Operations Office
	Work with the State Government and developers to ensure active and public transport infrastructure is a consideration with relevant State Significant Development, with suitable infrastructure provided in a timely manner.	City Planning, Development and Transport
3.2.2 Advocacy	Work with the State Government to ensure understanding of transport implications of development in the city area.	City Planning, Development and Transport
	Work with the State and Federal Government to further develop proposed public transport improvements in the City Centre – Green Square – Southern Sydney corridor.	City Planning, Development and Transport
3.2.3 Parking	Ensure on-street parking restrictions reflect the needs of nearby land uses.	City Operations
	Continue to implement the neighbourhood parking policy.	City Planning, Development and Transport
3.2.4 Freight and Servicing	Work with State Government and businesses to develop new and innovative solutions to freight and servicing, including more productivity from loading spaces and exploring higher-amenity options for “last mile” <sup>2</sup> distribution.	City Planning, Development and Transport
3.2.5 Regional Collaboration	Continue to build relationships with neighbouring councils and collaborate on transport projects where infrastructure or impact is across the boundaries.	City Planning, Development and Transport
3.2.6 Technology	Partner with the State Government to facilitate innovation in transport management, utilising new and emerging technology to cater for electric vehicles, autonomous vehicles, more efficient enforcement of parking, and innovative road safety technology.	City Planning, Development and Transport

<sup>2</sup> “Last mile” refers to the couriers walking, cycling or using electronic vehicles for the short final section of a freight items journey, it is made possible by combined loading facilities which can break down bulky deliveries to smaller, more manageable packages

**OBJECTIVE 3.3**

The amenity of the city centre and villages is enhanced through careful management and integration of transport.

Delivery Program Code	Deliverables	Responsible Area
3.3.1 Traffic calming initiatives	Develop and deliver a range of initiatives to help support change of behaviour by traffic calming.	City Operations// City Projects and Property
3.3.2 Speed reduction	Continue to advocate for low speed environments throughout the city area.	City Development, Planning and Transport
	Continue to investigate areas to reduce traffic speed limits.	City Development, Planning and Transport
3.3.3 Road safety partnerships	Continue to build relationships with Roads and Maritime Services, Centre for Road Safety and Transport for New South Wales through the Local Government road safety program to improve road safety within the LGA.	City Development, Planning and Transport/ City Operations
3.3.4 Manage amenity	Manage the scheduling of waste collection services to ensure the least disruption to the community.	City Operations
3.3.5 Community Programs	Facilitate a range of community programs that apply to a broad cross section of the community (e.g. learner drivers education program, NSW traffic offender intervention program, Child Restraint program, Seniors Safety – Safer Pedestrians – Out and About program).	City Development, Planning and Transport

**OBJECTIVE 3.4**

Public transport, walking and cycling are the first choice transport modes within the city.

Delivery Program Code	Deliverables	Responsible Area
3.4.1 City Transformation	Continue to support the implementation of light rail down George Street and in wider local government area.	Chief Operations Office
3.4.2 Behavioural	Advocate for measures aimed at increasing the use of public transport, walking and cycling along major corridors to the city.	City Planning, Development and Transport

**OBJECTIVE 3.5**

Transport services and infrastructure are accessible.

Delivery Program Code	Deliverables	Responsible Area
3.5.1 Parking	Ensure the Inclusion Action Plan 2017-21 addresses the parking needs of people with disabilities.	City Life
	Demand for parking is managed to ensure there is equitable access to the constrained supply.	City Operations
3.5.2 Advocacy	Ensure the needs of all customers are considered in the master-planning for Central Station precinct.	City Planning, Development and Transport
3.5.3 Transport infrastructure	Advocate to ensure public transport infrastructure meets the needs of users.	City Planning, Development and Transport

Performance Measures	Unit	Target/Trend	Responsibility
Parking and road management			
Number of car share bookings	No.	↗	City Planning, Development and Transport

Proportion of resident drivers who are members of car share schemes	%	↗	
Road Safety			
Number of seminars held as part of the Road Safety Program (including 'learners driver become safer driver', 'senior safety – safer pedestrian out and about', 'NSW traffic offender intervention' programs)	No.	-	City Planning, Development and Transport
Number of attendees to the Road Safety Program seminars	No.	-	
Number of vouchers issued for child restrain program	No.	-	
Speed			
Average speed limit across local roads in the city area	Km/h	↘	City Planning, Development and Transport
Length of streets across the local government area with a speed limit of 40km/h	Km	↗	
Length of shared zones (vehicles, pedestrians, cyclists) with a speed limit of 10km/h	Km	↗	
Roads maintenance			
Road renewal/ treated program	m2	25,000	City Operations
Traffic calming			
Number of transport-related projects (footpath improvements, traffic calming measures, intersection upgrades, etc.) delivered as part of the City's Pedestrian, Cycling and Traffic Calming (PCTC) plans	No	6	City Operations

**Public transport - taxis**

Number of taxi ranks operating in the local government area at daytime (10am – 3pm weekdays)	No.	-	City Planning, Development and Transport
Number of taxi ranks operating in the local government area at night-time (8pm – 12am weeknights)	No.	-	

City of Sydney Council NAIDOC in the City

# Strategic Direction 4

## A city for walking and cycling

A safe, comfortable and attractive walking and cycling network linking the city's streets, parks and open spaces

### OBJECTIVE 4.1

The city and neighbouring areas have a network of accessible, safe, connected pedestrian and cycling paths integrated with green spaces.

Delivery Program Code	Deliverables	Responsible Area
4.1.1 Walking	Deliver the Central Business District Streetscape Improvement program, including the installation of Smartpoles, upgraded and improved LED street lighting, traffic signals, street furniture and the installation of granite paving.	City Operations
	Review and implement options for walkability rating tools to evaluate and improve planning for walking improvements within the LGA and the Liveable Green Network.	City Planning, Development and Transport
	Investigate options for an increase in the walking and pedestrian data collected to better support stakeholder requirements.	City Planning, Development and Transport
4.1.2 Cycling	Complete the City's ten high priority regional routes, with separated cycleways where possible.	City Planning, Development and Transport
	Improve bicycle safety, access and amenity through small scale infrastructure changes and improved on street facilities throughout the local government area.	City Planning, Development and Transport
	Ensure that the City leads by example by ensuring that it has safe working bikes at all times to be used by internal staff.	City Operations
4.1.3 Partnerships	Advocate and work with land owners to develop a continuous foreshore walk accessible on foot and by bike.	City Planning, Development and Transport
	Work with neighbouring councils, State and Federal Governments to implement the Inner Sydney Regional Bike network.	City Planning, Development and Transport
	Build relationships with State and Federal Government, councils and other stakeholders to build capacity, share information and continue good practice and innovation in walking and cycling.	City Planning, Development and Transport
4.1.4 Civil Infrastructure	Continue to implement priority actions from the Liveable Green Network, including the Footpath Renewal program, pedestrian and cycling safety improvements, new furniture installations, pedestrian lighting upgrades, installations of green verge/street gardens and new cycleways.	City Operations

**OBJECTIVE 4.2**

The city centre is managed to facilitate the movement of people walking and cycling.

Delivery Program Code	Deliverables	Responsible Area
4.2.1 Walking	Work with the State Government to decrease waiting time and journey time for pedestrians on priority routes in the City Centre.	City Planning, Development and Transport
	Review through site link and laneway network within the City Centre and ensure network is connected.	City Planning, Development and Transport
	Work with the State Government to review warrants for pedestrian facilities.	City Planning, Development and Transport
4.2.2 Cycling - City centre	Advocate to the State Government to complete the City Centre Access Strategy cycleway network.	City Planning, Development and Transport
4.2.3 Partnerships	Collaborate with the State Government to implement the City Centre Access Strategy (to enable City of Sydney to receive assets) to deliver quality assets for transport users.	City Planning, Development and Transport
	Collaborate with the State Government to integrate walking and cycling with George Street Light Rail and pedestrianisation project.	City Planning, Development and Transport

**OBJECTIVE 4.3**

The number of people who choose to walk and cycle continues to increase.

Delivery Program Code	Deliverables	Responsible Area
4.3.1 Modal shift	Promote the benefits and reduce barriers of walking and cycling to individuals, businesses and the wider community, by improving information and training courses (including maps and organised rides).	City Planning, Development and Transport
	Encourage walking and cycling culture, providing support to enterprises and community groups through behaviour change programs.	City Planning, Development and Transport
	Continue to investigate and prepare for potential future bike share system.	City Planning, Development and Transport
4.3.2 Walking and cycling for leisure	Lead and/or support events celebrating and focusing on walking and cycling.	City Planning, Development and Transport
	Encourage recreational walking and cycling by promoting attractive routes and open spaces.	City Planning, Development and Transport

	Monitor walking and cycling safety data, issues, risks and complaints.	City Planning, Development and Transport
4.3.3 Behaviour	Ensure all road and path users have information and training available that enables them to exhibit the correct and safe behaviours.	City Planning, Development and Transport

**OBJECTIVE 4.4**

Businesses in the city encourage their staff to walk and cycle more often.

Delivery Program Code	Deliverables	Responsible Area
4.4.1 Journey to work - commuting	Provide and facilitate information to businesses and employers about safe walking and cycling networks and the benefits of staff walking and cycling.	City Planning, Development and Transport
	Collaborate with organisations to encourage walking and cycling for commuting to work (and education) with positive results.	City Planning, Development and Transport
	Continue to work with schools to identify and mitigate barriers to walking and cycling for students and parents.	City Planning, Development and Transport
	Review the City's Green Travel Plan practices and assess whether improvements can be made to increase more uptake and a greater modal shift.	City Planning, Development and Transport
	Continue to encourage developers/organisations to include end of trip facilities in new developments and to retrofit existing buildings.	City Planning, Development and Transport

Performance Measures	Unit	Target/Trend	Responsibility
<b>Cycleways/Shared paths/Courses</b>			
Length of separated cycleways provided annually	km	0.47	City Planning, Development and Transport
Length of on-road cycleways provided/upgraded annually	km	2.6

Footway replaced by green verge	m2	2,000	
Granite infill project - Paving	m2	1,800	

# Strategic Direction 5

## A lively and engaging city centre

Our international iconic status will be maintained and our distinctive character enriched with great streets, vibrant public spaces, a rich cultural life and a well-planned and functioning city centre, both day and night.

### OBJECTIVE 5.1

The city centre has safe and attractive public spaces for people to meet, rest and walk through at all times of the day or night; with George Street as a distinctive spine.

Delivery Program Code	Deliverables	Responsible Area
5.1.1 Public domain planning	Provide strategic input (design principles) into the State Government's long term master plan for Circular Quay, Macquarie Street Precinct, Barangaroo and Darling Harbour Live.	City Planning, Development and Transport / Chief Operations Office
	Continue to develop Public Domain Plans for the City Centre and accompanying Implementation Plans.	Chief Operations Office
	Develop concept designs and briefs for city centre public spaces.	Chief Operations Office
5.1.2 Safety	Work with police and other agencies to prevent, respond, and investigate public safety incidents through the coordinated operation of public place CCTV cameras.	City Operations

### OBJECTIVE 5.2

The city centre provides diversity of built form, uses and experiences.

Delivery Program Code	Deliverables	Responsible Area
5.2.1 Public domain improvements	Continue to deliver Capital Works projects for the City arising from the Chinatown Public Domain Plan, Harbour Village North Public Domain Plan and City North Public Domain Plan.	City Projects and Property
	Continue to implement the directions arising from the Harbour Village Public Domain Plan, City North Public Domain Plan and Chinatown Town and City South Public Domain Plan with third party delivery.	Chief Operations Office
5.2.2 Planning	Conduct a review of the planning controls for Central Sydney.	City Planning Development and Transportation
	Implement George Street 2020 Activation Plan.	Chief Operations Office
	Develop and implement a CBD Activation Policy and Guidelines.	Chief Operations Office

**OBJECTIVE 5.3**

Innovative, creative, retail, hospitality, tourism and small business activity is supported in the city centre.

Delivery Program Code	Deliverables	Responsible Area
5.3.1 Business space	Facilitate access to appropriate space in the city centre for businesses within identified priority sectors including Tech Start-ups and Aboriginal and Torres Strait Islander business.	Chief Operations Office/ City Life
5.3.2 Tourism provision	Work in partnership to develop tourism infrastructure in the city centre including Wi-Fi and information kiosks.	Chief Operations Office/ City Engagement
	Develop and deliver programs that provide visitors with information in the city centre such as the Cruise Ship Ambassador Program.	Chief Operations Office/ City Life/City Engagement

**OBJECTIVE 5.4**

The city centre is a place for cultural activity, creative expression and participation.

Delivery Program Code	Deliverables	Responsible Area
5.4.1 City centre creative activity	Implement recommendations from the review of the busking policy that aims to increase the cultural and street life of the city community.	City Life
5.4.2 Public art	Implement the City Centre Public Art Plan.	City Projects and Property/Chief Operations Office
	Implement the Eora Journey public art component in the city centre.	Chief Operations Office / City Projects and Property

Performance Measures	Unit	Target/Trend	Responsibility
<b>City centre public life</b>			
Amount of footway dining in the city centre (total)	m2	-	City Projects and Property

# Strategic Direction 6

## Resilient and inclusive local communities

Building communities through enhancing the capacity of our people and the quality of their lives.

### OBJECTIVE 6.1

Our city comprises many unique places – a ‘city of villages’ – for communities to live, meet, shop, study, create, play, discover, learn and work

Delivery Program Code	Deliverables	Responsible Area
6.1.1 Learning and Creative Programs	Deliver a welcoming cultural program of exhibitions and events within relevant City cultural venues.	City Life
6.1.2 Public Domain	Maintain and enhance public domain across the local government area through an ongoing program of improvement works.	City Operations
6.1.3 Green Square	Delivery of new community/cultural facilities, public domain and infrastructure to a high standard in Green Square.	City Life/ City Property and Planning/ City Operations
	Placemaking and community engagement activities for Green Square growing neighbourhood.	City Life/ Chief Operations Office
6.1.4 Social Strategy	Develop City-for-All action plans.	Chief Operations Office

### OBJECTIVE 6.2

Our city is a place where people are welcomed, included and connected.

Delivery Program Code	Deliverables	Responsible Area
6.2.1 Social Programs and Services	Implement the Inclusion Action Plan.	City Life
	Deliver programs that promote social inclusion and connection.	City Life
	Deliver programs that support community safety.	City Life
	Offer affordable rate social programs and services to enable participation among low income earners.	City Life

6.2.2 Social Justice	Collaborate with government and non-government organisations on strategic approaches to promote social justice and inclusion.	Chief Operations Office
	Strategic research and advocacy on social justice issues in the local area.	Chief Operations Office

**OBJECTIVE 6.3**

Local economies are resilient, meet the needs of their community, and provide opportunities for people to realise their potential.

Delivery Program Code	Deliverables	Responsible Area
6.3.1 Information and research	Provide demographic, visitor and sector data and analysis to local businesses to assist in decision making and sustainable growth.	Chief Operations Office
6.3.2 Support small business	Support strategic initiatives, deliver programs and develop resources that support existing and new business.	City Life
	Support events, programs, and services that enhance distinctive and thriving local economies.	City Life
	Support the activation of precincts, new business opportunities and strengthen local business associations through the City's grants and sponsorship program.	City Life

**OBJECTIVE 6.4**

There is equitable access to community facilities and places, parks and recreational facilities to support wellbeing in daily life.

Delivery Program Code	Deliverables	Responsible Area
6.4.1 Community Planning	Provide strategic direction for community facilities delivery to meet changing community needs and aspirations.	Chief Operations Office
6.4.2 Community well-being	Provide a diverse and accessible range of fitness and leisure programs through community and aquatic facilities that create opportunities for everyone to participate in a healthy and active lifestyle.	City Life / City Operations
	Provide childcare and children's facilities across the local area, including preschool, long day care, occasional care and out-of-school hours services.	City Life
6.4.3 Community Facilities Delivery	Develop a property portfolio that ensures community facilities optimise investment opportunities and community needs.	City Property and Projects
6.4.4 Parks and recreation facilities	Maximise the availability and quality of facilities to meet demand for participation in sports across the community.	City Operations

**OBJECTIVE 6.5**

The community has the capacity, confidence and resilience to adapt to changing circumstances.

Delivery Program Code	Deliverables	Responsible Area
6.5.1 Social services	Deliver social programs and services that build community capacity.	City Life
	Support community programs or projects that contribute to a connected, liveable, inclusive and engaged city through the City's grants and sponsorship program	City Life
6.5.2 Social strategy, research and planning	Develop strategic responses to changing community needs and aspirations.	Chief Operations Office
	Monitor Community Wellbeing Indicators to identify change and wellbeing trends in the community.	Chief Operations Office
	Examine and determine a best practice operating model for the City's aquatic and leisure facilities.	City Operations Office

6.5.3 Emergency planning	Review of Local Emergency Management Plans, implementation on emergency management exercises, and engagement of community to build community resilience to prevent, respond and recover of emergency events.	City Operations
6.5.4 Customer service	Effective and efficient delivery of relevant information and services that meet community needs.	City Engagement

<i>Performance Measures</i>	<i>Unit</i>	<i>Target/Trend</i>	<i>Responsibility</i>
<b>Local economies</b>			
Amount of footway dining in the Village Centres	m2	-	City Projects and Property

Dog declared menacing/dangerous	No.	-	City Operations

<sup>3</sup> Service available to not-for-profit community groups and organisations that deliver services of benefit to the community

# Strategic Direction 7

## A cultural and creative city

The City is committed to supporting Sydney's cultural life. We recognise the intrinsic and instrumental value of creativity as a cultural, economic and social force.

### OBJECTIVE 7.1

Creativity is a consistent and visible feature of the public domain and there are distinctive cultural precincts in the city and its villages.

Delivery Program Code	Deliverables	Responsible Area
7.1.1 Creative Public Domain	Implement the City Art Public Art Strategy including Public Art Plans, partnership projects and the ongoing maintenance and conservation of the City Art Public Art Collection.	Chief Operations Office / City Projects and Property
	Deliver Art & About Sydney as a significant local and international program of public domain activity year-round.	City Life
	Deliver hoardings activation program throughout the City.	City Life
7.1.2 Living History	Continue to implement the history program in alignment with the Cultural Policy.	City Life
	Deliver the 175th Anniversary of Council - exhibition and public program.	City Life

### OBJECTIVE 7.2

The city supports and encourages individual creative expression by ensuring opportunities for creative participation are visible, accessible and sustainable.

Delivery Program Code	Deliverables	Responsible Area
7.2.1 Creative participation programs	Deliver programs to provide diverse learning pathways.	City Life
	Deliver the Joynton Avenue Creative Centre in Green Square and East Sydney Community and Arts Centre in Darlinghurst and liaise with providers to deliver programming.	City Life

**OBJECTIVE 7.3**

Sydney's cultural sector and creative industries are supported and enhanced leading to greater sector sustainability, productivity gains, and innovation.

Delivery Program Code	Deliverables	Responsible Area
7.3.1 Regulatory Reform	Develop a package of proposed reforms to address planning challenges for live music venues, entertainment noise later trading and temporary/low risk cultural uses.	City Planning, Development and Transport / Chief Operations Office
7.3.2 Audience Development	Deliver Digital Theatre Passport to provide high-school students with access to performances in Sydney's cultural venues.	City Life
7.3.3 Sector Development	Provide direct cash grants and/or value-in-kind support to a range of cultural groups that provide opportunities for creative participation, enhance creativity in the public domain and strengthen the sustainability and capacity of cultural and creative industries.	City Life
	Provide workshops and programs which encourage capacity building in the cultural sector.	City Life
	Develop a cultural infrastructure plan to guide its support of spaces for active participation, creative practice, and creative enterprise, venues for audiences and places for temporary, unplanned and planned events in the public realm. This will be done in consultation with the State government, in particular Arts NSW and Infrastructure NSW.	Chief Operations Office
	Continue to provide the cultural and creative industries with access to affordable spaces to support and enhance sector sustainability through the Creative Spaces program including cultural tenants in the Accommodation Grants Program.	City Life

**OBJECTIVE 7.4**

The continuous living cultures of Aboriginal and Torres Strait Islander communities is visible and celebrated in our city.

Delivery Program Code	Deliverables	Responsible Area
7.4.1 Eora Journey	Commission a series of permanent and temporary public artworks as part of the Eora Journey; Recognition in the Public Domain that communicate and celebrate the living culture of Aboriginal and Torres Strait Islander people through creative expression in the public domain (National Aborigines and Islanders Day Observance Committee (NAIDOC) week event, support for youth).	Chief Operations Office/ City Life
7.4.2 Reconciliation Action Plan	Review progress achieved through the City's 2015-2017 Reconciliation Action Plan (RAP) to inform the development of an updated version.	City Engagement

<i>Performance Measures</i>	<i>Unit</i>	<i>Target/Trend</i>	<i>Responsibility</i>
<b>Culture and creativity</b>

# Strategic Direction 8

## Housing for a diverse community

An increased supply of diverse and affordable housing for our rapidly growing community.

### OBJECTIVE 8.1

The supply of market housing in the city meets the needs of a diverse and growing population.

Delivery Program Code	Deliverables	Responsible Area
8.1.1 Housing supply	To meet District Plan requirements, develop a Housing Strategy to manage the long-term supply of housing.	City Planning, Development and Transport
	Monitor the balance of residential development to non-residential development in the city including the size and mix of dwelling types.	Chief Operations Office

### OBJECTIVE 8.2

The supply of affordable housing supports a diverse and sustainable community and economy.

Delivery Program Code	Deliverables	Responsible Area
8.2.1 Partnerships	Continue to investigate opportunities to use City owned land for affordable housing delivered through partnerships with government, not for profits and the private sector.	City Property
	Continue to promote the Affordable and Diverse Housing Fund for affordable housing delivered through partnerships with government, the not for profit and private sectors.	City Life
8.2.2 Planning	Use the planning system to facilitate affordable housing including maintaining existing programs, developing new programs, encouraging site specific opportunities and investigating innovative approaches.	City Planning, Development and Transport

**OBJECTIVE 8.3**

The supply of safe and sustainable social housing in the inner city is available for those who need it.

Delivery Program Code	Deliverables	Responsible Area
8.3.1 Advocacy	Advocate to State Government and housing providers for the retention of existing social housing and increase in supply.	Chief Operations Office
8.3.2 Capacity Building	Provide and support community capacity building initiatives in social housing neighbourhoods.	City Life
8.3.3 Partnerships	Collaborate with State Government and non-government agencies and with residents groups to address safety and amenity issues for social housing residents.	City Life
	Collaborate with the NSW State Government Department of Planning and Environment and the NSW State Government Land and Housing Corporation to ensure the renewal of the Waterloo Estate is well planned and delivers improved social outcomes.	City Planning, Development and Transport

**OBJECTIVE 8.4**

People who are homeless or at risk of homelessness have access to safe and sustainable housing and support.

Delivery Program Code	Deliverables	Responsible Area
8.4.1 Housing solutions and support services	Monitor patterns of homelessness, and services available for people who are homeless or at risk of homelessness to identify gaps and trends.	City Life
	Advocate for innovative and collaborative responses to preventing and responding to homelessness that address unmet demand and systemic gaps.	City Life/ Chief Operations Office
8.4.2 Service coordination collaboration and capacity building	Partner with specialist homelessness outreach services to link people sleeping rough with services and support.	City Life
	Build the capacity of city staff, non-government services and the community to contribute to reducing homelessness.	City Life
	Support the delivery of specialist homelessness services in the inner city.	City Life
8.4.3 Services	The City's grants and sponsorship programs supports projects that reduce homelessness and encourage the development of affordable housing.	City Life

Performance Measures	Unit	Target/Trend	Responsibility

Number of people sleeping rough in the city area	No.	-	
Value of all grants for Affordable and Diverse Housing Fund and major homeless funding approved by the City of Sydney	\$'000	-	

# Strategic Direction 9

## Sustainable development renewal and design

Our international iconic status will be maintained and our distinctive character enriched with great streets, vibrant public spaces, a rich cultural life and a well-planned and functioning city centre, both day and night.

### OBJECTIVE 9.1

The City of Sydney leads by example to facilitate great places.

Delivery Program Code	Deliverables	Responsible Area
9.1.1 Advocacy	Engage with government led urban renewal projects to deliver design excellence, high Ecologically Sustainable Development performance and provide appropriate infrastructure.	City Planning, Development and Transport
9.1.2 Integration	Develop sustainable precinct infrastructure plans for urban renewal areas.	Chief Operations Office
	Collaborate with the private sector to deliver new or upgrade existing public infrastructure that supports renewal.	City Planning, Development and Transport

### OBJECTIVE 9.2

The city is beautiful, sustainable and functions well.

Delivery Program Code	Deliverables	Responsible Area
9.2.1 Design partnership	Facilitate the Design Advisory Panel and Public Art Advisory Panel to provide expert advice on public domain, park projects, major development applications and public art proposals.	Chief Operations Office
9.2.2 Strategic Planning	Review and implement the Design Excellence Policy to improve sustainable development outcomes.	City Planning, Development and Transport
	Implement the actions in the Central Sydney Planning Strategy.	City Planning, Development and Transport
9.2.3 Advocacy	Negotiate agreements at plan making stage with the private sector to provide civil and social infrastructure.	Chief Operations Office

**OBJECTIVE 9.3**

There are great public buildings, streets, squares and parks for everyone to use and enjoy.

Delivery Program Code	Deliverables	Responsible Area
9.3.1 Public domain infrastructure	Continue the implementation of the Wayfinding Strategy.	Chief Operations Office/ City Planning Development and Transport
	Complete and implement public domain design codes in the City's projects and maintenance programs and undertake periodic review to ensure they reflect best practice.	City Property and Projects/ City Operations/ Chief Operations Office
	Implement public domain design codes in the City's projects and maintenance programs.	City Property and Projects/ City Operations
	Update the Liveable Green Network Implementation Plan to keep it up to date to reflect changes and complete projects.	City Planning, Development and Transport
9.3.2 Public space planning	Coordinate land acquisitions with infrastructure requirements in Green Square precincts.	Chief Operations Office
	Develop initiatives arising from the City's Open Space and Recreation Needs Study.	Chief Operations Office
9.3.3 Open space	Review plans strategies and policies and where required revise planning controls to secure additional open space, through site links, footpaths and cycleways through the development process.	Chief Operations Office
	Negotiate provision of additional public open space through applications to change planning controls (e.g. Planning Proposals with VPAs).	City Planning Development and Transport/ City Planning Development and Transport

**OBJECTIVE 9.4**

The City's planning framework and implementation strategy ensures sustainable long-term growth.

Delivery Program Code	Deliverables	Responsible Area
9.4.1 Stormwater infrastructure Program	Monitor the implementation of the actions from the Flood Studies and Floodplain Risk Management Plans for all catchments.	City Operations
9.4.2 Program delivery	Develop and implement Public Domain and Place-making Strategies for urban renewal areas.	Chief Operations Office
9.4.3 Strategic planning	Respond to the NSW Government dwelling and job targets and review planning controls and infrastructure.	City Planning, Development and Transport

**OBJECTIVE 9.5**

The urban environment promotes health and wellbeing.

Delivery Program Code	Deliverables	Responsible Area
9.5.1	Collect, analyse and report data within the Community Indicators framework to inform priority programs and services for the community.	Chief Operations

## Implementation through effective governance and partnerships

Partnerships across government, academia, business and community sectors; leadership in local, national and global city forums; and a proactive, resilient, well-governed organisation.

### OBJECTIVE 10.1

The City of Sydney is well governed.

Delivery Program Code	Deliverables	Responsible Area
10.1.1 Compliance	Deliver programs to embed risk management principles into organisational decision making.	Legal and Governance
	Continue to embed our Work, Health and Safety framework through the implementation of a safety management system and a mentally healthy workplace plan to improve the health, safety and wellbeing of our workers.	Workforce and Information Services
	Ensure that Councillors have access to relevant information and assistance to enable them to fulfil their obligations to lead, govern and serve the community.	Office of the CEO
	Monitor compliance with privacy legislation to ensure that personal information held by the City is managed appropriately.	Legal and Governance
	Monitor compliance with information provision legislation, identify frequently requested information and make publicly available where possible.	Workforce and Information Services
	Continue to implement a risk based and comprehensive Internal Audit plan for the City in accordance with the Internal Audit Charter.	Legal and Governance
10.1.2 Governance	Implement the practice of 'Governance by Design' by creating a consistent understanding for City managers of what outcomes are required to govern well.	Legal and Governance
	Continually review and adapt the elements of governance to maintain community confidence in the City.	Office of the CEO

**OBJECTIVE 10.2**

The City of Sydney has the culture, capability and capacity to deliver Sustainable Sydney 2030 priorities.

Delivery Program Code	Deliverables	Responsible Area
10.2.1 Organisational Capability	Contribute to the development of a Resilience Strategy for the greater Sydney region and incorporate elements into the City's strategic plans.	Chief Operations Office
	Continue to deliver and enhance the Integrated Planning and Reporting framework to improve integrated long-term planning and sustainability.	Chief Financial Office
	Implement and monitor priority actions within the Workforce Strategy and plan for future workforce challenges.	Workforce and Information Services
	Implement key actions from the Disability (Inclusion) Action Plan to build a diverse and inclusive organisation.	Workforce and Information Services
	Implement and monitor priority actions of the Information and Technology Strategic Plan.	Workforce and Information Services
	Enhance our digital capability implementing key actions from the Digital strategy.	Workforce and Information Services
	Implement and monitor actions from the Serve Strategy to ensure the City provides a quality service experience that is consistent, accessible and meets community needs.	City Engagement
	Refine and revise long term asset management plans for critical infrastructure assets, including climate change impacts.	Chief Operations Office
10.2.2 Continuous Improvement	Deliver a business improvement program to monitor efficiency and effectiveness across the organisation.	Workforce and Information Services/Chief Financial Office

**OBJECTIVE 10.3**

The City of Sydney is financially sustainable over the longer-term.

Delivery Program Code	Deliverables	Responsible Area
10.3.1 Financial Planning	Develop a policy that clearly articulates the financial circumstances and/or projects, where it would be appropriate to borrow funds to achieve inter-generational equity.	Chief Financial Office

	Assess and analyse future impacts of workforce trends on the City's long-term financial position.	Chief Financial Office
	Continue to undertake business case analysis to model the overall financial implications of new major projects, programs and initiatives to ensure long term financial sustainability.	Chief Financial Office
	Identify properties to shape investment portfolio to improve income earnings and generate income for council.	Chief Financial Office
10.3.2 Rates	Actively Participate in IPART's review of the Local Government Rating System and explore avenues for innovation in rating, providing equity among ratepayers and ensuring legislative requirements are met.	Chief Financial Office
10.3.3 Strategic Property Management	Adapt a new model to Property Management to ensure a new services model continues to reflect best practice.	City Property and Projects
10.3.4 Fees and Charges	Review the cost of delivering the City's major services to ensure appropriate fees and charges.	Chief Financial Office
10.3.5 Procurement	Ensure best practice procurement and contract management focused on value for money, optimised risk and improved sustainability.	Chief Financial Office

**OBJECTIVE 10.4**

The City of Sydney makes a positive contribution to the governance of metropolitan Sydney.

Delivery Program Code	Deliverables	Responsible Area
10.4.1 Governance Reform	Contribute to governance forums and reviews by SSROC and the Office of Local Government as well as participation in relevant state and federal government initiatives.	Legal and Governance
10.4.2 Policy Reform	Research, assess and make submissions on intergovernmental policy issues to NSW State and Federal Government where appropriate.	Office of the CEO

**OBJECTIVE 10.5**

The community is engaged and active in shaping the future of the city.

Delivery Program Code	Deliverables	Responsible Area
10.5.1 Community engagement	Deliver a high-value community engagement program, both face-to-face and online, to inform decision making, build capacity and develop a shared responsibility for actions with the community.	City Engagement

	Encourage online dialogue with the community about the City's operations, policies, projects and programs through Sydney Your Say and Content Hub.	City Engagement
	Deliver an engagement program to inspire, inform, knowledge share and collaborate with stakeholders, citizens, partners and visitors on significant issues and to help progress the City's 2030 Vision.	
10.5.2 Public access to information	Provide community information of new developments and/or changes in projects, programs and policies through the City's websites, social media channels and notifications.	City Engagement
	Provide community access to relevant data through the City's open data portal.	Workforce and Information Services

**OBJECTIVE 10.6**

Strategic partners and collaborators support the delivery of Sustainable Sydney 2030.

Delivery Program Code	Deliverables	Responsible Area
10.6.1 Local and regional government partnerships	Strengthen local and regional partnerships through consultation, advocacy and knowledge exchange to facilitate improved decision making and outcomes for the community.	Office of the CEO
10.6.2 State and national partnerships	Strengthen state and national partnerships through consultation, advocacy and knowledge exchange to improve decision making and facilitate the achievement of shared objectives. Partnerships include Council of Capital City Lord Mayors and the Greater Sydney Commission.	Office of the CEO
10.6.3 International partnerships	Utilise the international partnerships programs to facilitate knowledge exchange and ensure the City benefits from the best and most current knowledge and processes to improve outcomes for the community and the area, including C40 and Rockefeller 100 Resilient Cities.	Chief Operations Office/City Life

## 4. Annual Budget and Financial Statements

*The Sydney Christmas tree lights up at the launch of Sydney Christmas.*

## BUDGETED INCOME STATEMENT

The City's budgeted Income Statement (and future year projections) is prepared with regard to International Financial Reporting Standards (AIFRS) and the NSW Office of Local Government's Code of Accounting Practice and Financial Reporting. The formatting of the statement below reflects this approach.

A major non-cash item that may impact the City's financial results is the incremental increase / decrease arising from the annual market revaluation of the City's investment properties. The recognition of this valuation change will have no impact upon the budgeted funds available for the Council and is therefore excluded from the annual budget and future years' financial estimates.

The accounting treatment of the City's \$220M contribution to the NSW Governments Light Rail project (budgeted within the City's capital works program) is reflected as a separate line item in the statement below. The City's underlying operating result (excluding this item) is in surplus for all years of the Plan.

## Summary Of Income and Expenditure by Principal Activity

Council has adopted the Strategic Directions from the Sustainable Sydney 2030 vision as its Principal Activities for this Delivery Program. A number of Principal Activities are largely of an advocacy and facilitation role for the City (such as Housing for a Diverse Population) and not one of direct service provision. As a result, the proposed budget does not reflect substantial operational costs (particularly salaries expenditure) incurred indirectly in delivering this Principal Activity. The Principal Activity for *A City for Walking and Cycling*, for example, will be largely achieved via capital works for infrastructure and reflects minimal operational expenditure.

The summary of income and expenditure by Principal Activity below includes both the proposed operational budgets and the capital works program (for 2017/18) to better reflect the allocation of Council funds towards these major directions.

## Capital Works Expenditure Summary

The City's Capital Works Program is built around a number of significant projects that will expand and/or significantly upgrade the provision of infrastructure and facilities for the community, and Capital Programs that underpin key asset groups such as public domain, roads, footways, pools, open space and community facilities. The proposed program will enable the commencement and completion of many identified priorities and progress a number of Sustainable Sydney 2030 projects. The program prepared is in line with the agreed long term financial parameters and represents the City's capacity to deliver the program each year and expenditure provisions for significant projects which may be delivered by third parties.

### Asset Replacement and Sales (including Information Services - Capital Projects)

Council holds assets to ensure its financial viability, for commercial and strategic reasons, and to meet the needs of its operations.

Depreciating assets, such as plant, equipment and vehicles, held for Council's operations are changed or replaced in line with Council's current needs and the operational life of the asset. The City replaces its light fleet every two years or 40,000km excluding utility vehicles which are replaced every three years or 60,000km. The City also adopts a replacement program to renew its Personal Computer assets on an average three-yearly cycle.

The City has a program of upgrades and enhancements to information systems. These can include installation and configuration of 3rd party software and development of new in-house solutions.

Where these system developments are deemed to have an enduring benefit to the City, the costs of the project are capitalised as assets within the Fixed Asset Register, and amortised over an appropriate useful life. Capitalisation of costs is consistent with the City's *IPPE Asset Recognition and Capitalisation Policy*.

### Summary of Expenditure - 2017-18 (\$M)

	2017-18		
	Acquisitions	Sales	Net Budget
Books	1.9	-	1.9
Equipment	3.5	-	3.5
Furniture & Fittings	0.8	-	0.8
Information Technology (Equipment)	2.0	-	2.0
Information Services - Capital Projects	7.5	-	7.5
Miscellaneous	1.1	-	1.1
Plant	4.0	(0.4)	3.5
Vehicles	7.0	(1.7)	5.2
<b>Total</b>	<b>27.8</b>	<b>(2.2)</b>	<b>25.7</b>

### Statement of Business or Commercial Activities

The City of Sydney expects to continue with Parking Stations as a Category 1 business activity. These commercial activities provide an additional source of funding that enables the Council to continue to provide enhanced services and infrastructure delivery without placing additional burden on the City's ratepayers.

### Revenue Policy - Charges for Works Carried out on Private Land

Council does not generally carry out works on private land, however if Council were required to undertake such works (e.g. the construction of a private road), then the works would be charged at the appropriate commercial rate.

## OFFICE OF LOCAL GOVERNMENT PERFORMANCE MEASURES - PROJECTIONS

The City's performance in respect of the mandated Office of Local Government Performance measures is detailed below. The charts demonstrate performance trends on the basis of forward projections contained in the Long Term Financial Plan, and estimates related to future asset maintenance and renewal requirements (per the Asset Management Plan) and infrastructure backlog.

The formulas used in the calculations, as provided by the NSW Office of Local Government, are also included.

The graphs plot the 3-year average performance for each year shown (with the exception of the Infrastructure Backlog Ratio and the Real Operating Expenditure per Capita, shown as 'snapshot' performance). E.g. 2019/20 will show average performance for the 3 years to 2019/20 (2017/18, 2018/19, 2019/20).

### Sustainability

#### Operating Performance Ratio

**Operating Revenue (excl Capital Grants & Contributions) less Operating Expenses**

**Operating Revenue (excl Capital Grants & Contributions)**

Operating Performance is projected to exceed benchmark over the life of the Long Term Financial Plan. However, the declining trend is indicative of the increasing cost pressures faced by the City in delivering services to a rapidly growing population.

Estimates relating to increased operating expenditure required to service urban renewal areas (including Green Square and Barangaroo) are reflected in forward projections, and contribute to a decline in operating performance. In later years, the softening of rates growth and the continued increase of depreciation expense (related to new capital works) contribute to put pressure on the Operating Result.

#### Own Source Revenue

**Total continuing operating revenue less all grants and contributions**

**Total Operating Revenue**

(inclusive of Capital Grants and Contributions)

The City's Own Source Operating Revenue is already well above the required benchmark level and is forecast to continue to grow as a proportion of total operating revenue.

As detailed in the Long Term Financial Plan document, minor incremental growth in the City's rates base and the expected continuation of the "cap" on developer contributions per new dwelling will result in capital income representing a declining proportion of the City's income base, reflected in the gradual increase in the Own Source Revenue ratio.

The ratio may be impacted by higher-than-expected capital income receipts

#### Building and Infrastructure Asset Renewal Ratio

**Actual Asset Renewals**

**Required Renewal\* of Building and Infrastructure Assets**

Rather than utilise depreciation expense as an arbitrary proxy for required levels of asset renewal, the required renewal of building and infrastructure assets is instead sourced from the Asset Management Plan in the City's Integrated Planning and Reporting documents.

The performance of this ratio is generally on or above benchmark, with earlier years' performance temporarily impacted as the City's financial and delivery capacity is focused on the provision of required infrastructure in the broader Green Square urban renewal area, as well as the contribution to the NSW Government's light rail project, integration with Barangaroo and significant cycling infrastructure works.

## OFFICE OF LOCAL GOVERNMENT PERFORMANCE MEASURES - continued

## Infrastructure and Service Management

## Infrastructure Backlog Ratio

## Estimated Costs to Bring Assets to a Satisfactory Standard

**Written Down Value of Infrastructure**  
(incl roads and drainage assets), **Building, Other Structures and Depreciable Land Improvements Assets**

The City holds the view that the vast majority of its buildings and infrastructure are currently maintained at or above a "satisfactory standard". The identified infrastructure backlog is subject to ongoing review, to ensure that backlog levels reported are reflective of those assets deemed to be at less than "satisfactory standard".

The City's projected Infrastructure Backlog ratio is subject to future assessments of asset condition, and therefore difficult to predict. However, the ratio result is expected to improve as targeted renewal works (per the City's asset management plans) are completed. Condition assessments of assets are also completed periodically, in order to better prioritise capital works.

## Asset Maintenance Ratio

## Actual Asset Maintenance

## Required Asset Maintenance

In line with the City's Asset Management Plan, asset maintenance is forecast to meet or exceed benchmark over the life of the plan. In time, this performance will ease to a level closer to 100% (i.e. benchmark).

Extended periods of asset maintenance exceeding the required levels would represent over servicing. Whilst gross expenditure on asset maintenance will continue to grow over time, so to will the "required" level of annual maintenance, as the City's asset base continues to grow.

Over the longer term, increases to asset maintenance expenditure will continue to be 'matched' to growth in the City's asset base.

## Debt Service Ratio

## Principal Repayments (from Statement of Cash Flows) plus Borrowing Interest Costs (from the income statement)

## Operating Results before Interest and Depreciation (EBITDA)

Historically strong financial management has alleviated the need for the City to borrow funds, and the Long Term Financial Plan projects that this trend will continue over the next 10 years.

In addition to cash and investment reserves accumulated over a period of 15 years, the City has access to considerable capital income (in the form of developer contributions and interest on cash and investments) that will facilitate the delivery of new capital projects without the use of borrowings.

Should funding circumstances change, the City will review the appropriateness of debt financing accordingly.

## Efficiency

## Real Operating Expenditure per capita

## Real Operating Expenditure

## Residential Population of Local Government Area

A declining trend over time is in line with OLG requirements, and reflects the City's commitment to targeting efficiencies in service delivery.

Whilst gross Operating Expenditure is forecast to increase over time, the residential population of the LGA is projected to grow more rapidly, representing a declining level of Real Operating Expenditure per capita.

Service levels are reviewed as part of the Integrated Planning and Reporting process, and will reflect ratepayer priorities within tight budgetary controls.

Note that the green line reflects the inclusion of **all users** of the City, currently approximately 1.2M per day

## Rating and Revenue Policy Statement 2017/18

The City has adopted the 1.5% general rate increase set by the Independent Pricing and Regulatory Tribunal (rounded by IPART).

The proposed rating structure has one ordinary rate for all residential properties, one business sub-category rate for the CBD and a business ordinary rate, with minimum rates in each category to ensure that all ratepayers make a minimum contribution to the Council.

The City has determined the following residential and business sub-categories of rateable land for the 2017/18 year:

### Residential

Residential Rate - Ordinary

### Business

Business Rate - Ordinary

Business Rate - Central Business District (CBD)

The boundaries of the business sub-categories are shown on the plan located within this document.

The proposed rating structure for 2017/18 is set out in the following table:

Rating Category	Minimum Rate	Ad valorem Rates (in the \$)	Estimated Yield \$M
Residential Rate - Ordinary	\$544.55	0.001092	\$67.1M
Business Rate – Ordinary	\$696.70	0.004036	\$65.8M
Business Rates – CBD	\$696.70	0.009305	\$137M

NOTE: the above ad valorem rates and estimated yields may change due to new supplementary valuations received by council, for the purpose of rating, prior to this "Operational Plan" being adopted.

### Pensioner Rebates

The City of Sydney will again provide a 100% rebate for eligible pensioners in 2017/18, determined in accordance with section 575 of the Local Government Act 1993.

### **Categorisation of land for the purposes of ordinary rates**

Council determines rating categories for rating purpose in accordance with sections 514 - 529 of the Local Government Act and Local Government (General Regulation) 2005.

### **Residential and Business Categories**

The Act only allows four available categories of rateable land, including farmland and mining, which are not applicable within the City of Sydney LGA. All rateable lands in the City of Sydney are therefore categorised as either residential or business. As noted within section 514 of the Act, any land that does not satisfy the criteria to be deemed residential, will be categorised and rated as business. The business category applies to land that is used for industrial and commercial operations, and also includes, car spaces, storage lots, marina berths and mooring lots.

Council will use the plans approved under a development application or building application as a basis for determining the initial categorisation of a property, unless other more relevant information is available. The ratepayer will be advised through the issue of an annual or supplementary rate notice.

### **Mixed Development**

There are instances where a property is used for both residential and business purposes. If applications are submitted to and approved by Property NSW, Council will be advised of the relevant apportionment of use between residential and business rate components, to enable a mixed rate to be levied.

### **Change to Category for Rating Purpose**

A review of the categorisation of land for rating purposes may arise in response to a ratepayer request (application), or because Council elects to review one or a number of parcels of land because it believes that the current categorisation may be incorrect. Council may request further information and/or access to inspect the property to assist with making this determination.

Applications for "Change in Categorisation of Land for Rating purposes" must be made on the approved form that can be found on the City's website.

The ratepayer will be formally advised in writing of the outcome and where applicable, will receive an annual or supplementary rates notice.

Ratepayers with a property that is used for both a business and residential purpose, must complete the "Change in Categorisation of Land for Rating Purposes" form. Council will then make a submission on their behalf to Property NSW for consideration of a mixed use apportionment factor.

Decisions on requests for refunds will be made having regard to the Recovery of Impost Act 1963.

### **Refund of Overpayments**

Refunds may be made on request for payments made toward the next rating year. Refunds are subject to the Refund Fee. Payments made in advance for instalments due within the current rating year will not be refunded.

## Aggregation of land parcels (lots) for the purposes of ordinary rates

### Rating of car spaces and storage lots

In accordance with section 548A of the Local Government Act, Council permits the aggregation of certain land parcels (lots) for rating purposes.

Where a unit lot includes multiple car and/or storage lots, a single rateable valuation exists and therefore only one rate is calculated on the total value of the unit, car and storage lots.

Where car and/or storage lots are separately titled, they are given their own unit entitlement and separate rateable values exist for each lot. In this circumstance, Council allows the rateable values to be aggregated, and a single rate to be levied on the combined rateable value.

### Aggregation of land parcels (lots)

Council will aggregate only where:

- 1) the lots are used in conjunction with the unit, by the occupier of the unit;
- 2) the ownership of each lot noted on the certificate of title is exactly the same for each;
- 3) all lots are within the same strata plan, or strata scheme, or the strata plan notes that the lots are used in conjunction with; and
- 4) the lots are not leased out separately

**Residential** - Council will only aggregate a maximum of 3 car space and all storage lots, to a residential strata unit.

**Business** - Council will only aggregate a maximum of 1 car space and one storage lot, to a business rated strata unit.

Council will not permit aggregation of marina berths and mooring lots.

Aggregation of car and storage lots will continue until the use, or ownership changes. Upon change of ownership, aggregation of unit, car and storage lots purchased as part of the same transaction will occur automatically following receipt of the Notice of Sale (subject to meeting criteria mentioned above), with the levying of the rates on the combined rateable value to commence from the start of the next quarter following the settlement date.

Applications for aggregation must be made using the form found on City's website. Approved aggregations will come into effect from the start of the next quarter following receipt of the application.

## Debt Recovery and Financial Hardship

The Local Government Act and the Local Government (General Regulation) 2005 require Council to assist in effective and efficient collection of the rates and annual charges due to Council, while being responsive and supportive to those ratepayers who are suffering genuine financial hardship.

### When is a debt recoverable and what actions may be taken to recover the debt?

Rates and charges will be deemed overdue when the due date for instalment has passed, and payment has not been received.

Where an instalment is overdue, Council may commence recovery action, either directly or via its debt recovery agent.

Council's recovery action options will generally include a reminder, through verbal or written correspondence. If payment is still not received, then a final demand will be issued. Council may commence legal recovery action to

recover the overdue rate and charges in accordance with section 695 of the Local Government Act, and any costs incurred in this regard will be recoverable from the ratepayer.

### **Payment Arrangements**

To assist in recovery of the overdue amount, the Council and a ratepayer may at any time agree a payment arrangement whereby regular scheduled payments pay off the debt, in accordance with section 564 of the Local Government Act. The arrangement must be formally approved by Council or its debt recovery agent.

Payment arrangements must include any legal or interest charges that will or already have occurred due to the rates being overdue.

Council will generally seek an arrangement whereby the overdue debt is paid within 90 days from the original due date (being the instalment due date).

If the payments are not made in accordance with the agreed payment arrangement, Council may commence recovery action at any time after the payment due date.

### **Interest on Overdue Rates**

Interest is charged on all overdue rates and annual charges in accordance with section 566(3) of the Local Government Act. The maximum interest rate is set by the Minister for Local Government and will be charged for the 2017/18 financial year.

### **Ratepayers subject to genuine Financial Hardship**

While ratepayers are required to pay their annual rate and charges to support local government operations, Council is mindful of the need to support ratepayers who suffer genuine financial hardship.

The City of Sydney's 100% pensioner rebate policy generally covers those in greatest need of support; however there will still be ratepayers whose financial circumstances for a specific period of time render them unable to meet their obligations as they fall due.

To address these situations, ratepayers are able to apply for consideration of extended payment terms, by completing a "Financial Hardship" application form which is available on Council's website. Options for eligible ratepayers may include:

- a) a short term deferment for paying their current rates and charges; or
- b) longer term arrangement plans for arrears owed, with current instalments being paid as they become due.

Provided that an approved hardship repayment plan is maintained, Council can consider reducing or waiving interest on overdue rates in accordance with sections 564 and 567 of the Local Government Act.

### **Financial Hardship as a result of valuation changes**

The Local Government Act, section 601, specifically caters for ratepayers who may suffer financial hardship arising from an increased rate levy due to changes in the valuation of their property.

Ratepayers in this position would also complete the "Financial Hardship Application" form, however the evaluation of any such application will be considered in light of the valuation change and subsequent rate increase.

### Stormwater Management Service Charge

The Office of Local Government released guidelines in July 2006 that provides assistance to councils to raise additional funding through the Stormwater Management Service Charge to support them in improving the management of urban stormwater in NSW. This follows the gazettal of the Local Government Amendment (Stormwater) Act 2005.

The City introduced a Stormwater Management Service Charge in 2008 and proposes to continue this charge in 2017/18. The City's Long Term Financial Plan indicates capital works expenditure on stormwater works across the LGA will be more than \$60M over the next 10 years. This is an addition to the City's \$23M contribution to trunk drainage work, a Sydney Water responsibility, in Green Square and Ashmore Estate areas.

It is proposed to levy residential land parcels \$25 and business land parcels \$25 per 350m<sup>2</sup>.

### Residential

Non Strata land parcels	\$25.00 per parcel
Strata Unit	\$12.50 per unit
Company Title	\$12.50 per unit

### Business

Non Strata land parcels	\$25.00 per 350m <sup>2</sup> or part thereof
Strata Unit	Pro-rata of above, but a minimum of \$5

The income of the proposed Stormwater and Drainage Levy is \$2M

### Domestic Waste Management Annual Availability Charge (DWMAAC)

The Local Government Act (LGA) 1993 requires Council to recover the full cost of providing the Domestic Waste Management Service.

This is achieved through an annual availability charge for each parcel of rateable land entitled to receive the service [s496]. This mostly applies to land categorised “residential” but includes some land categorised business where the property contains a residential component and non-rateable land with a residential component where a domestic waste service is requested. Every dwelling in a strata lot or company titled unit is to be taken as a separate parcel and levied a separate DWMAAC [S518A].

Similarly the form of a charge may be expressed as the number of individual units or dwellings forming part of that assessment [s540]. For example a block of units with ten residential premises (flats, bedsits etc.) may be owned by one ratepayer subject to a single rates assessment but the DWMAAC charge would be for ten dwellings, that is ten DWMAAC's.

Council retains the right to determine the most suitable means of providing the service particularly in terms of the bin size and type (Carry Bin, Mobile Garbage Bin or Bulk Bin) and frequency of collection (daily, weekly or multi) to suit particular properties and localities mindful of efficiencies and practicalities.

The availability charges are as follows:

#### Single Unit Dwellings

Description	Fee	Estimated Yield
Minimum Domestic Waste Charge	\$281	\$643,209
Domestic Waste Charge (120lt bin)	\$428	\$9,457,088
Domestic Waste Charge (240lt bin)	\$863	\$659,332

#### Multi Unit Dwellings

Description	Fee	Estimated Yield
Minimum Domestic Waste Charge	\$281	\$1,182,167
Minimum Domestic Waste Charge, 2 X Weekly	\$317	\$9,666,598
Minimum Domestic Waste Charge, 3 X Weekly	\$351	\$797,121
Standard Domestic Waste Charge	\$428	\$1,691,456

Standard Domestic Waste Charge, 2 X Weekly	\$464	\$8,857,760
Standard Domestic Waste Charge, 3 X Weekly	\$499	\$6,953,565
Large Domestic Waste Charge	\$672	\$672
Large Domestic Waste Charge, 2 X Weekly	\$710	\$8,520
Large Domestic Waste Charge, 3 X Weekly	\$744	\$332,568
Domestic Waste Charge, 7 day service area	\$443	\$4,260,331

**Total Estimated Domestic Waste Yield \$44.5M**

# 5. Fees and Charges

## REVENUE POLICY – Fees

---

The Council proposes to charge a range of fees in 2017/18, as detailed within the attached Schedule of Proposed Fees and Charges.

The legislative basis for these fees may be found in Section 608 of the Local Government Act 1993 which provides that Council may charge and recover an approved fee for any service it provides, including the following:-

- supplying a service, product or commodity;
- giving information;
- providing a service in connection with the exercise of the council's regulatory functions – including receiving an application for approval, granting an approval, making an inspection and issuing a certificate; and
- allowing admission to any building or enclosure.

Under the principle of “user pays”, fees are introduced to offset the cost of service provision, or in the case of commercial activities to realise a reasonable rate of return on assets employed by the Council, in order to support the provision of services and to alleviate the burden that would otherwise be unfairly placed upon ratepayers.

Council has given due consideration to the following factors in determining the appropriate price for each fee:-

- the cost of providing the service;
- whether the goods or service are supplied under a commercial basis;
- the importance of the service to the community;
- the capacity of the user to pay;
- the impact of the activity on public amenity;
- competitive market prices; and
- prices dictated by legislation.

Council discloses its pricing policy by showing a pricing code against each individual fee within the attached Schedule of Proposed Fees and Charges, as:-

- |                    |  |
|--------------------|--|
| • Market           | Council provides a good / service in a competitive environment                                     |
| • Full Cost        | Council intends to fully recover the direct and indirect cost of provision plus any community cost |
| • Partial Cost     | Council intends to partially recover the costs of provision  |
| • Legislative      | Prices are dictated by legislation   |
| • Zero             | Council absorbs the full cost of delivery  |
| • Security Deposit | Refundable deposit against possible damage to Council property                                     |

All fees are quoted in “GST Inclusive” terms, as this is the relevant price to the customer, however it should be recognised that within the schedule there are many fees that do not attract GST. These fees have either been specifically exempted by the GST legislation or have been included within the Division 81 determination as the Australian government has deemed that the customer does not actually receive a taxable supply in consideration for the fee. The latter excludes many fees for regulatory services that are not provided within a competitive environment, and other forms of information that are provided on a non-commercial basis.

In accordance with the Office of Local Government's guidelines on competitive neutrality, Council has identified its Category 1 business (those with a turnover exceeding \$2 million) as Parking Stations. These businesses set prices in line with market conditions and their results are disclosed, including tax equivalent payments and return on capital, with Council's Annual Report.

## **Waiving, Discounting or Reducing Fees**

Section 610E of the Local Government Act 1993 allows Council to waive payment of, or reduce a fee in a particular case if it is satisfied that the case falls within a category of hardship or any other category that Council has determined it may consider waiving payment, or reducing a fee.

Council has determined the following categories:

Hardship – where there is evidence that the payment of the fee or charge will impose unreasonable financial hardship on the applicant given their particular circumstances;

Charity – where the applicant is a registered charity and the fee is for a service that will enable the provision of charitable services to the City of Sydney community;

Not For Profit – where the following conditions all apply.

1. The applicant is an organisation that holds “not for profit” status;
2. and the fee is for a service that will enable the achievement of the applicant’s objectives and betterment for the City of Sydney community; and
3. the payment of standard fees or charges would cause financial hardship for the applicant

Commercial – where the City, or its contractor, operates a service and reduction of the fee is required to compete in the market

Non-Provision of Service - where the City is unable to provide a service or venue that has been previously agreed upon and an appropriate discount, fee waiver or substitution is required as compensation

Filming related activities - applicable fees and charges may be waived or reduced for productions completed within the LGA if undertaken by an educational institution for a non-commercial purpose, by a registered charity or not-for-profit organisation where the primary purpose is for the improvement/benefit to the City of Sydney community or where the production’s primary purpose is to highlight the City as a tourist destination.

Aquatic, Leisure and Recreation Centre Special Events - where the City, or its contractor, operates an aquatic, leisure or recreation centre and a reduction of fees is offered for community events, open days or other special or promotional events.

The following principles will be considered when applying any reduction or waiver of a fee or charge.

- Compliance with statutory requirements
- Fairness and consistency
- Integrity
- Equity
- Transparency
- Commercial imperatives

The Council will directly, or through delegated authority, assess and make determinations on requests for reduction or waiver of fees in accordance with these principles.

Council may endorse a reduction or waiver of fees and charges to organisations as part of the City’s Grants and Sponsorships arrangements.

<b>RESTORATION CHARGES FOR DRIVEWAYS, ROADWAYS, FOOTWAYS, KERB &amp; GUTTERS WHERE WORKS ARE PERFORMED BY COUNCIL</b>				
Restoration Charges - Notes 1: Prices quoted are inclusive of GST unless indicated. Works carried out by utilities or their authorised agents in relation to the placement, creation, maintenance, enhancement or removal of utility assets within the public road or public open space as part of their responsibility of providing, managing and operating a utility network are free of GST. 2: All rates per square metre (m2) or lineal metre (lm) and include cost of labour, materials and overheads unless stated. 3: Minimum charge per line item is 1 m2 or 1 lm except for Bicycle Lane Separator, Bicycle Lane Coating and TGSi replacement. 4: An additional surcharge of 30% over standard rate is charged for works in high traffic locations within CBD, State or Regional Roads or where required by RMS restrictions. 5: Openings greater than 50m2 within roads and footways will be subject to a 10% reduction in restoration charges. 6: Openings greater than 100m2 within roads and footways will be subject to a 20% reduction in restoration charges. 7: Openings greater than 150m2 within roads and footways will be subject to a 30% reduction in restoration charges. 8: For works of unknown quantities or for inspection services, the City's full recovery cost is determined from the City's accredited contractor rates, which have undergone a competitive tendering process in accordance with the Local Government Act and the City's Procurement Policy and Guidelines.				
<b>▶ ROADWAY</b>				
<b>▶ Asphalt Surfaced Roadway &amp; Concrete Base including dowelling</b> Fee	Market	per m2	640.00	10%
<b>▶ Concrete Roadway including Dowelling</b> Fee	Market	per m2	530.00	10%
<b>▶ Asphalt Roadway &amp; FCR Roadbase</b> Fee	Market	per m2	450.00	10%
<b>▶ Strip &amp; Resurface Asphalt Roadway (no base repairs)</b> Fee	Market	per m2	310.00	10%
<b>▶ Stencilling of Concrete or Asphalt</b> Fee	Market	per m2	85.00	10%
Stencilling - Notes 1: Stencilling is charged in addition to the Roadway Restoration surface and base materials required.				
<b>▶ Bicycle Lane Separator</b> Fee	Market	per lm	200.00	10%
<b>▶ Bicycle Lane Counter/Loop</b> Supply & Installation	Market	each	12,120.00	10%
<b>▶ Bicycle Lane Coating</b> Fee	Market	per m2	65.00	10%
Bicycle Lanes - Notes 1: Bicycle Lane Separator and Coating Fees are charged in addition to the Roadway Restoration surface and base required. 2: Bicycle Lane Separator replacement must be measured to the nearest full section lock-in joint at each end. 3: Minimum charge for Bicycle Lane Separator is 1.5 lm. 4: Roadway Restoration in Designated Bicycle Lanes must be the full width of the Designated Bicycle Lane by a minimum metre in length to provide a safe permanent restoration for bicycle riders. 5: Any Bicycle Lane Counter/Loop damaged during road openings requires complete unit replacement in the permanent restoration.				
<b>▶ Linemarking</b> Fee	Market	per lm	55.00	0%
Linemarking - Notes 1: Linemarking Fee is charged in addition to the Roadway Restoration surface and base materials required. 2: Linemarking includes lines, symbols and text adhered to the Roadway. 3: Minimum charge for Linemarking is 1 lm.				
<b>▶ Road Wooden Block Pavers</b> Road Sub Base	Market	per m2	530.00	10%

Supply and Install (Recovery of the City's Costs)	Full Cost	each	Fee + GST	10%
▶ <b>Stormwater Drainage Outlet in Kerbstone</b>				
Fee	Market	per outlet	490.00	10%
<p>Notes for Kerb and Gutter</p> <p>1. To aid sustainability the City encourages the preservation of existing kerbstones wherever possible.</p> <p>2. Cracked and sawcut kerbstones are not reusable. Full kerbstone replacement for all non-reusable kerbstones will be added to Permanent Restoration to ensure Pre Road Opening laid condition can be restored.</p> <p>3. Reusable Kerbstones must be returned to the Council Stoneyard in a clean state (free of adhesive and/or mortar) to be accepted for reuse.</p> <p>4. City Stoneyard Delivery Record of Reusable Kerbstones (Road Opening Permit details plus reusable kerbstone type and quantity in lm) is required to avoid the cost of replacement kerbstones being added to the permanent Restoration charges.</p> <p>5. Kerbstones may only be returned to the City Stoneyard during business hours and following prior arrangement.</p> <p>6. The City cannot guarantee availability of replacement kerbstones. Supply of replacement kerbstones may require research and sourcing from commercial suppliers at the Applicant's cost.</p> <p>7. Where exact matching kerbstones are no longer available the closest match alternative kerbstone available will be substituted and due to size, texture or colour variations may require replacement of a larger area than the initially measured permanent restoration at the Applicant's cost.</p>				
<b>▶▶ DECORATIVE PAVING</b>				
▶ <b>Re-lay Stone, Brick or Concrete Pavers and Reseal Pavers and Restore Concrete Base (excluding paver supply)</b>				
Fee	Market	per m2	675.00	10%
▶ <b>Re-lay Stone, Brick or Concrete Pavers and Reseal Pavers where no base repairs are required (excluding paver supply)</b>				
Fee	Market	per m2	335.00	10%
▶ <b>Supply Replacement Stone Pavers</b>				
All Quantities	Market	per m2	450.00	10%
▶ <b>Supply Replacement Brick or Concrete Pavers</b>				
All Quantities	Market	per m2	95.00	10%
<p>Notes for Decorative paving</p> <p>1. To aid sustainability the City encourages the preservation of existing pavers wherever possible.</p> <p>2. Cracked and sawcut pavers are not reusable. Full paver replacement for all non-reusable pavers will be added to Permanent Restoration to ensure Per Road Opening laid condition can be restored.</p> <p>3. Reusable Pavers must be returned to the City Stoneyard in a clean state (free of adhesive and/or mortar) to be accepted for reuse.</p> <p>4. City Stoneyard Delivery Record of Reusable Pavers (Road Opening Permit details plus reusable pavertype and quantity in m2) is required to avoid the cost of replacement pavers being added to the Permanent Restoration charges.</p> <p>5. Pavers may only be returned to the City Stoneyard during business hours and following prior arrangement.</p> <p>6. The City cannot guarantee availability of replacement pavers. Supply of replacement pavers may require research and sourcing from commercial suppliers at the Applicant's cost.</p> <p>7. Where exact matching pavers are no longer available the closest match alternative paver will be substituted and due to size, texture or colour variations may require the replacement of a larger area than the initially measured permanent restoration at the Applicant's cost.</p>

<b>► Restoration, Corrective or Maintenance Works for Parks and Open Space areas</b>				
<i>Fees are for the engagement of services by the City for the performance of works within Parks &amp; Open Space areas. This may include restoration works, corrective maintenance or periodic maintenance works to deliver high quality public spaces. Fees will be at cost due to the variability of sites and conditions.</i>				
Fee (recovery of Council costs)	Full Cost	per occasion	Fee + GST	10%
<b>► CITY FARM</b>

# Introduction

## Overview

In 2015 the Venue Management undertook an overview of the fees and charges arrangements that support the operation of the Sydney Town Hall, Barnet Long Room at Customs House and the Stapleton Hall at Paddington Town Hall.

A new simplified pricing model for venue hire based on a clear hourly rate model and minimum booking periods has been developed to give hirers a clearer understanding of the venue hire costing. When reviewing this document, please note the following:

- Pricing in this document is valid from 01 July 2017 until 30<sup>th</sup> June 2018.
- All prices quoted include GST, except security bonds.
- All pricing codes are market unless specified.
- An additional 25% surcharge on all standard venue hire rates is applicable on Sundays, Public Holidays and New Year's Eve.
- Vestibule, Marconi Terrace and Lower Town Hall Foyer can only be hired as stand-alone venues less than months prior to event commencement
- All exhibition rates are based on a 2 - 14 day hire. Exhibitions greater than 14 day's duration are on quotation.

## Partial Rates

- Partial rates are applicable to registered charitable organisations and public schools who are based in the Local government area.
- Partial rates are available where specified in the schedule of rates and based on a 25% discount on standard rates, with minor rounding to the nearest five or ten dollar as applicable.
- Partial rates are not applicable on Fridays, Saturdays, Sundays, Public Holidays and New Year's Eve.
- Partial rates are not to be used for the application of Reduced rates or VIK/ Sponsorship (all days)

# Sydney Town Hall

## Major Venues

Centennial Hall and Vestibule

### A) Minimum venue hire per booking (per day)

	Load in/ Load out hours	Event hours	Total min hours per day	Notes
Catered– Evening	12	5	17	
Catered – Half Day	6	4	10	
Conference	4	9	13	
Theatre - Day	3	4	7	
Theatre - Evening	11	4	15	
School Speech Day	n/a	5	5	School concerts charged at theatre rates
Exhibition	n/a	10	10	one combined entrance/exit only
Load in/Load out full day	10	0	10	

### B) Hourly rates (including GST)

Centennial Hall & Vestibule		
	\$ Standard	\$ Partial
Catered events	1,250	940
Conference	2,150	1,600
Theatre style events	2,950	2,200
School Speech Day	2,250	1,690
Exhibition	2,150	1,600
Load in/ Load out	645	485
Load in/Load out full day	1,000	750

An example of how to calculate venue hire rates using these tables:

Evening catered event, Centennial Hall & Vestibule, Standard rates

(12 hours x \$645 per load in/out hour) + (5 hours x \$1,250 per event hour)

= \$7,740 + \$6,250 = \$13,990 including GST

## Centennial Hall Wedding Package

### A) Minimum venue hire per booking (per day)

	Load in/ Load out hours	Event hours	Total min hours per day	Notes
Wedding Reception	12	6	18	

### B) Hourly rates (including GST)

	Centennial Hall & Vestibule
	\$ Standard
Catered events	1,000
Load in/ Load out	500
Load in/Load out full day	1,000

An example of how to calculate venue hire rates using these tables:

Wedding Reception catered event, Centennial Hall & Vestibule, Standard rates

(12 hours x \$645 per load in/out hour) + (6 hours x \$1,000 per event hour)

= \$6,000 + \$6,000 = \$12,000 including GST

+ Additional items above

Total venue hire including AV to the nearest dollar amount = \$15,000 including GST.

## Lower Town Hall

### A) Minimum venue hire per booking (per day)

	Load in/ Load out hours	Event hours	Total min hours per day	Notes
Half Day	5	4	9	Between the hours of 6:00 – 17:00
Evening	8	4	12	
Exhibition	n/a	10	10	one combined entrance/exit only
Elections	n/a	12	12	separate entrance & exit
Load in/Load out full day	10	0	10	

### B) Hourly rates (including GST)

	Lower Town Hall	
	\$ Standard	\$ Partial
Event Hour	650	490
Elections	1,100	n/a
Exhibition (1 – 2 days)	650	490
Exhibition (2 – 14 days)	500	375
Exhibition (14 days +)	On application	On application
Load in/ Load out	400	300

An example of how to calculate venue hire rates using these tables:

Exhibition, Lower Town Hall, Standard rates

(10 hours x \$650 per event hour)

= \$6,500 including GST

## Ancillary Venues

(Including GST)

	\$ Hourly rate (all use types)	Minimum hours per booking per day
Vestibule*	560	8
Marconi Terrace	560	8
Lower Town Hall Foyer	150	4
Treasury Room	140	4
Vault	100	4
VIP Boardroom	100	4
Marconi Room (composite)	250	4
Marconi Room A	150	4
Marconi Room B	150	4
Southern Function Room	150	4

An example of how to calculate venue hire rates using these tables:

Marconi room, 12pm – 4pm.

(4 hours (min. call x \$250 per hour)

= \$1,000.00 including GST.

**\*when booked separately to the Centennial Hall**

# Barnet Long Room at Customs House

Inclusive of the Barnet Long Room, Pre-function rooms, Balcony and Boardroom

## A) Minimum venue hire per booking (per day)

	Minimum hours per booking per day
Half Day	6
Evening Hire	8
Exhibition	10
Load in/Load out full day	10

## B) Hourly rates (including GST)

	\$ Standard	\$ Partial
Hourly rate	400	340
Exhibition	300	225

An example of how to calculate venue hire rates using these tables:

Barnet Long Room, 10am – 4pm

(6 hours x \$400 per hour)

= \$2,400.00 including GST

# Stapleton Hall at Paddington Town Hall

Inclusive of the Bar and Pre function area and Oxford street balcony

All events at Paddington Town Hall must be concluded by midnight

## A) Minimum venue hire per booking (per day)

	Minimum hours per booking per day
Full Day	10
Evening Hire	12
Exhibition & Retail Sale events	10
Load in/Load out full day	10
Post Event Load Out *	4

\* Day after event, pending availability.

## B) Hourly rates (including GST)

	\$ Standard	\$ Partial
Hourly rate	260	195

## Catering Commission (including GST)

### A) Use of Commercial Kitchen

	Unit of Measure	2017/18 \$
<100 guests	Per Booking	1,000
100 - 149 guests	Per Booking	1,200
150 - 199 guests	Per Booking	1,400
200 - 249 guests	Per Booking	1,600
250 - 300 guests	Per Booking	1,800
300 - 349 guests	Per Booking	2,000
350 - 399 guests	Per Booking	2,200
> 400 guests	Per Booking	2,500

## B) Bar Only / External Catering Company fee

	Unit of Measure	2017/18 \$
<100 guests	Per Booking	500
100 - 149 guests	Per Booking	650
150 - 199 guests	Per Booking	800
200 - 249 guests	Per Booking	950
250 - 300 guests	Per Booking	1100
300 - 349 guests	Per Booking	1,250
350 - 399 guests	Per Booking	1,400
> 400 guests	Per Booking	1,500

An example of how to calculate venue hire rates using these tables:

Full day Event, Stapleton Hall – 7am – 5pm, 200 pax at full kitchen usage

(10 hours x \$260 per hour) + (\$1,600 catering com)

= \$2,600 + \$1,600 = \$4,200 including GST

# Equipment, Labour and other additional charges (All venues)
