Access to the Material is permitted on the following terms and conditions:

1. The above Materials has been prepared for Council in response to the assumptions, methodology and findings documented in the corresponding reports.
2. Access is granted **for information purposes only**. The Accessing Person reviews, interprets and applies any part of the Materials at his/her whole and sole risk. The Council does not in any way warrant the accuracy of any part of the Material.
3. Without limiting (2), it is the responsibility of the Accessing Person to assess and verify the suitability of the information and datasets for their own purposes. In particular, the adopted assumptions, datasets and configuration cannot be assumed to be correct by the Accessing Person. Access to the Materials do not displace, or replace, the proper analysis of performance of private land.
4. The information and data sets remain the property of the City of Sydney and are not to be copied, reproduced or released without the express and written permission of the City of Sydney. To the extent that any material, reports, analysis or other information uses any part of the Material, the Accessing Party must acknowledge the source of the information.
5. The Accessing Party acknowledges the Material has not been commissioned by or for the benefit of the Accessing Party. No claim, or action, of any nature whatsoever may be brought by or on behalf of the Accessing Party against the City or the author of the Material arising out of or resulting from the access to, or use of, any part of the Material.
6. Without limiting (5), the Accessing Party expressly acknowledges that the Material contains assumptions and predictions based on findings which precede the publication of the Material. No claim may be made by or on behalf of the Accessing Party against either the City or the author of the Material by reason that any part of the Material is demonstrated or proven to be incomplete, incorrect, or inaccurate.

**I have read and accept the terms of conditions of access to the Material.**
