

Statement of Revenue Policy – fees and charges

Pricing methodology

Council will charge a range of fees in 2023/24, as detailed within the Schedule of Fees and Charges section of this plan.

The legislative basis for these fees may be found in Section 608 of the *Local Government Act 1993*, which provides that council may charge and recover an approved fee for any service it provides, including the following:

- supplying a service, product or commodity
- giving information
- providing a service in connection with the exercise of Council's regulatory functions, including receiving an application for approval, granting an approval, making an inspection and issuing a certificate; and
- allowing admission to any building or enclosure.

Under the principle of "user pays", fees are introduced to offset the cost of service provision, or in the case of commercial activities, to realise a reasonable rate of return on assets employed by Council, in order to support the provision of services and to alleviate the burden that would otherwise be unfairly placed upon ratepayers.

Council has given due consideration to the following factors in determining the appropriate price for each fee:

- the cost of providing the service
- whether the goods or service are supplied under a commercial basis
- the importance of the service to the community

- the capacity of the user to pay
- the impact of the activity on public amenity
- competitive market prices; and
- prices dictated by legislation.

Council discloses its pricing policy by showing a pricing code against each individual fee within the Schedule of Fees and Charges, as:

Market – council provides a good or service in a competitive environment

Full cost – council intends to fully recover the direct and indirect cost of provision, plus any community cost

Partial cost – council intends to partially recover the costs of provision

Legislative – prices are dictated by legislation

Zero – council absorbs the full cost of delivery

Security deposit – refundable deposit against possible damage to council property.

All fees are quoted in "GST Inclusive" terms, as this is the relevant price to the customer. However it should be recognised that, within the Schedule of Fees and Charges, there are many fees that do not attract GST. These fees have either been specifically exempted by the GST legislation or have been included within the Division 81 determination as the Australian government has deemed that the customer does not actually receive a taxable supply in consideration for the fee. The latter excludes many fees for regulatory services that are not provided within a competitive environment, and other forms of information that are provided on a non-commercial basis.

In accordance with the Office of Local Government's guidelines on competitive neutrality, council has identified its Category 1 business (those with a turnover exceeding \$2 million) as parking stations. This business sets prices in line with market conditions and its results are disclosed, including tax equivalent payments and return on capital, in council's Annual Report.

Waiving, discounting or reducing fees

Section 610E of the *Local Government Act 1993* allows council to waive payment of or reduce a fee in a particular case, if it is satisfied that the case falls within a category of hardship or any other category that council has determined it may consider in waiving payment, or reducing a fee.

Council has determined the following categories:

Hardship – where there is evidence that the payment of the fee or charge will impose unreasonable financial hardship on the applicant(s), given their particular circumstances

Charity – where the applicant is a registered charity and the fee is for a service that will enable the provision of charitable services to the City of Sydney community

Not for profit – where the following conditions all apply:

- the applicant is an organisation that holds “not for profit” status; and
- the fee is for a service that will enable the achievement of the applicant's objectives and betterment for the City of Sydney community; and
- the payment of standard fees or charges would cause financial hardship for the applicant.

Commercial – where Council, or its contractor, operates a service and reduction of the fee is required to compete in the market

Non-provision of service – where Council is unable to provide a service or venue that has been previously agreed upon and an appropriate discount, fee waiver, refund or substitution is required as compensation

Filming related activities – when a production is completed within the local government area, if undertaken by an educational institution for a

non-commercial purpose, or by a registered charity or not-for-profit organisation and where the primary purpose is for improvement/benefit to the City of Sydney community, or where the production's primary purpose is to highlight the City as a tourist destination

Aquatic, leisure and recreation centre

special events – where Council, or its contractor, operates an aquatic, leisure or recreation centre and a reduction of fees is offered for community events, open days or other special or promotional events

Covid-19 recovery – in response to the Covid-19 pandemic as it evolves, where it is considered appropriate to facilitate recovery or revitalisation activities related to the Covid-19 pandemic.

Venue hire, and insurance fees will be waived upon application under this category for community hire of community spaces, where a group resides in or provides services largely to communities in the City of Sydney. This includes incorporated associations and unincorporated associations whose membership base and purpose is within the City of Sydney Local Government Area. Government agencies, political parties, and groups who do not reflect the Inclusion and Equity principles in the City of Sydney's Community Strategic Plan and other City of Sydney plans such as our Reconciliation Action Plan and Inclusion (Disability) Plan are ineligible for this fee waiver.

Grants and sponsorships – where fee waiver or reduction form part of the financial assistance under an approved grant or sponsorship made under the Grants and Sponsorship Policy and in accordance with the terms of any agreement executed in accordance with that policy.

The following principles will be considered when applying any reduction or waiver of a fee or charge:

- compliance with statutory requirements
- fairness and consistency
- integrity
- equity and transparency
- commercial imperatives.

Some fees or services are prescribed by legislation or are regulatory in nature and a fee waiver or reduction is not available in connection with those fees

Council will directly, or through delegated authority, assess and make determinations on requests for reduction or waiver of fees in accordance with these principles.

On 21 November 2022, Council resolved to waive rental and other fees for the use of footway and roadway areas for outdoor dining until 30 June 2025.

These fees are shown as a zero fee in the Schedule of Fees and Charges attached to the Statement of Revenue Policy. Council anticipates reintroducing these fees in future years. Had these fees not been waived, the fees that would have applied are summarised in the tables below.

Figure 1. Centennial Hall, Sydney Town Hall – Photo by Paul Patterson / City of Sydney

Overview

The fees and charges for these landmark venues are categorised as follows:

- Venue hire
- Technical services
- Personnel, and
- Miscellaneous.

Venue hire fees are the fees applicable for hiring the venue for a period. These fees are calculated on an hourly rate, subject to a minimum number of hours per event type.

Technical services charges are charges for the hiring of audio and visual equipment. They are most commonly charged on a per item per day basis. However, Venue Management does offer several packages tailored to different types of events.

Personnel charges are charges for technical and event support staffing, to facilitate an event.

Miscellaneous charges relate to ancillary services which may be required to facilitate an event, including building management, sub-hiring, communications technology, and waste removal.

Please note the following in relation to pricing:

- Pricing in this document is valid from 1 July 2023 until 30 June 2024.
- All prices quoted include GST, unless stated otherwise.
- The basis of pricing is market rates, unless stated otherwise.

Hirer categories

The City recognises 2 customer/hirer categories in relation to the hire of landmark venues, as follows:

Category 1 – For profit organisation / individual

- Any organisation (including federal / state governments) that operate their business with the purpose of generating revenue, and whose event may or may not contribute to that goal of revenue generation.
- A group or individual who, although their event has no revenue generation purpose, is holding a private activity (e.g. wedding, reception, dinner, meeting, cocktail party, etc).

Category 2 – Not-for-profit organisation

- Any organisation that does not operate to derive any profit, personal gain or benefits from its operation and whose purpose is to benefit the community through its activities.
- This includes charities and community organisations, both of which may aim to raise funds of which are spent on benefitting the wider community.
- To be considered as a Category 2 customer/hirer, the organisation must provide the City with a copy of their Letter of Incorporation or evidence of not-for-profit status.

Venue hire rates

The Venue Management unit will negotiate a venue hire rate for landmark venues with customers, based on the nature and the requirements of the booking.

The factors which may be considered by Venue Management, when negotiating a venue hire rate are outlined below.

Subsidised rates

- Subsidised rates (for venue hire only) may be available to registered not-for-profit and charitable organisations, and to public schools based in the local government area.
- Eligible customers may receive a discount of up to 50% on venue hire charges.
- Subsidised rates are not applicable to other fees and charges related to the booking (such as equipment hire, personnel and miscellaneous charges).
- To be eligible for subsidised rates, the hirer must be a registered not-for-profit organisation at the time of signing their event contract. Subsidised rates will not be backdated or applied retrospectively.
- Subsidised rates may be offered in conjunction with other promotions or seasonal pricing. This will be at the discretion of the City and subject to relevant terms and conditions.

Seasonal pricing

- Seasonal pricing / rate adjustments may apply.
- Where seasonal rates are applied, the base rate advertised below may increase or decrease accordingly.
- Seasonal rates may be applied to all or part of the booking period, or to individual days, at the discretion of the City.

Bundled / all-inclusive / package rates

- The City may, where appropriate, negotiate a bundled / all-inclusive / package rate, which incorporates charges for several different services and fees.
- This rate may be charged on a per person or per hour basis, or as a lump sum amount, or another applicable basis.
- This rate may include charges for third party suppliers required to facilitate the event and may include commissions or mark-ups, as appropriate.

Exhibitions

- Standard rates, including a total minimum venue hire charge, apply to exhibitions with a duration of 14 days or less.
- Fees and charges for exhibitions with a duration of 15 days or more are subject to negotiation.

Multiple day/long duration events

- The venue hire rate for multiple day events (of any type, excluding exhibitions) of 3 or more days are subject to negotiation.
- The venue hire rate for events that are of a long duration (15 days or more, excluding exhibitions), and occupy the majority of spaces of a single building (ie: Sydney Town Hall), are subject to negotiation.

Promotions

- The City may, from time to time as appropriate, implement and run promotional activities.
- These promotional activities may include, but not be limited to, offering booking incentives, discounts, and value-add incentives.
- Where the City determines to implement and run such promotional activities, the rate will be determined by the City as it sees fit, and in line with market conditions.

Performing Arts technical services rates

- The City may, from time to time, elect to support the performing arts by offering co-promotional, tiered, or seasonal rates on technical equipment and services.

These rates will only be available upon application to eligible hirers for live performance and performing arts events.

Support for Grant Recipients

- Not-for-Profit organisations awarded a venue hire support grant from the City (either in cash or value-in-kind) to be used towards a landmark venue hire booking, will be entitled to a 25% reduction on their technical equipment hire fees.

Civic Spaces, Parks and Sporting Fields

Introduction

The City of Sydney's parks and open spaces are amongst the community's most highly valued assets, providing for the diverse recreational needs of our communities. Our park and open space network encompass approximately 212ha throughout the local government area, providing both active and passive places for the community's use and enjoyment.

There are over 400 parks and open spaces of various sizes, from pocket parks to extensive regional parklands, as well as civic spaces. They are broadly categorised, as follows:

Civic spaces are formal public spaces, usually in an urban setting. Civic spaces include squares, plazas and malls, or spaces associated with the forecourt of a building. These spaces are usually hard surfaced, but may accommodate passive recreation, depending on their size.

Iconic parks are parks that are of cultural and historical significance, or of a significant size or prominent location. These parks have high visitation rates from surrounding suburbs, the whole of the City of Sydney or broader than the City, including tourists.

Neighbourhood parks are larger parks within villages and suburbs that have high visitation rates and have greater levels of amenity and infrastructure. These parks usually incorporate areas of turf, trees and garden beds. Depending on their size, these parks can support a variety of functions, including unstructured recreation and organised sport. Neighbourhood parks may also include facilities such as sports fields, with playgrounds and toilets.

Pocket parks are smaller parks and reserves, of less than 2,000m² in area, some of which may be built on street closures. These parks provide informal recreational areas, serving surrounding residents, and usually only accommodate a single function, such as usage as a playground. Some limited facilities may be provided.

Sports fields are areas of landscaped turf and synthetic surfaces purposed for club and professional sport, both games and training.

This document lists the individual parks, sports fields and open spaces within the City of Sydney local government area.
