

Customs House

Site information

Sydney WorldPride 2023 exhibition at Customs House

Customs House is an historical, multi-use building with exhibitions displayed over three levels. This exhibition will be presented on the ground floor.

The ground floor exhibition display area incorporates:

- A 19mt media wall which comprises a back-lit semi-transparent printed vinyl skin and 6 x 55" LED monitors (for moving and still images - no sound)
- The adjacent Red Room includes 4 acoustic panels that can be covered with material, plain or printed with images from the exhibition.
- Framed 2D works can be hung in front of the acoustic panels. Customs House has several framing options including timber and back-lit frames.

Original artworks are not displayed at Customs House. Reproduction prints are produced for all exhibitions.

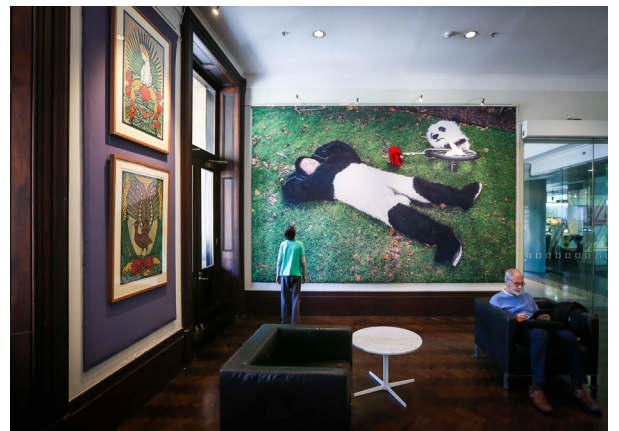

GROUND FLOOR

Ground Floor Red Room

Ground Floor Media Wall -
6 x LED monitors and vinyl
printed skin

Exhibition: *Dutch Masters of Light* [Left] Media wall [Right] In the Red Room framed photographs were displayed in front of plain coloured fabric panels.
