

**PROPOSED WORKS**

- 1** New accessible entry ramp to the reserve
- 2** New ongrade entry ramp suitable for maintenance vehicles.
- 3** 'Entry Lawn' - Widened footpath, improved lawn and new seating and planting.
- 4** New central path through the reserve.
- 5** New habitat planting.
- 6** 'The Grove' - consolidate existing landscape mounds to improve space for recreation and improve sightlines. Mounds allow for retention of a number of existing trees and will provide opportunity for additional planting areas.
- 7** Minor works proposed at the top of the stairs to improve safety and sightlines. Full stair upgrade would form part of a future scope of works.
- 8** New seating and tree planting in an area of hardstand - decomposed granite paving.
- 9** Community Garden extension (Area B) including orchard planting.
- 10** 'The Green' - open lawn area.
- 11** Existing Community Garden.
- 12** Community Garden extension (Area C) including new garden beds and potting area.
- 13** Memorial Garden seating associated with the memorial pine tree.
- 14** Shade Structure - Steel Frame with canvas shade material.
- 15** Cladding to existing concrete vents. Images to reference geometries of Lawrence Hargrave 'Box Kite'.
- 16** New maintenance vehicle entry and kerb extension.
