

Disclosure log

A disclosure log is a record containing details of information released under the *Government Information (Public Access) Act 2009 (GIPA Act)* following an access application, if the agency releasing the information considers it may be of interest to other members of the public. For this reason information relating to some but not all access applications is listed. We consider each application for inclusion and usually conclude that it would not be of interest to anyone except to the applicant. Similarly we have decided to list applications for five years only, on the basis that information that may have been of more general interest is very unlikely to retain that interest beyond five years. Details are entered into the disclosure log after the access application has been decided, and when review rights relating to the agency's decision to include the details of the released information in the disclosure log are no longer pending.

March 2017 – May 2022

Reference number	Date application was decided	Description of the information provided	How this information can be accessed
FAA696	16-Dec-21	Information relating to Woolworths planning proposal at 923 Bourke Road Waterloo	Make an information access request online here or ask for the Information Access Team on 02 9265 9066
