7.1 SCOPE

This Technical Specification provides the requirements for the removal, relocation, supply, installation and commissioning of street furniture. For the purposes of this Technical Specification, street furniture shall refer to all above-ground streetscape items, excluding street lighting, road signage and traffic signals.

7.2 STANDARDS AND GUIDELINES

Unless stated otherwise in the Technical Specification, the approved drawings or elsewhere in the construction documents, the Works shall comply with the current and relevant Australian Standards and/or TfNSW Standards.

Any variations or ambiguity between the Technical Specification, other construction documents and Australian Standards shall be referred to the City's Representative for direction before proceeding with the Works.

The following list indicates the Australian Standards and/or TfNSW Standards applicable to this Technical Specification. This list is not exhaustive and may not include all standards that may apply to the Works to be undertaken. It is the responsibility of the Service Provider to ensure that all relevant standards are met.

- AS 2159 Piling – Design and installation (including supplements and amendments)
- AS 2601 The demolition of structures
- AS 2700 Colour standards for general purposes (For paint colour standards and sealants; there is no separate code for sealants).
- AS 3600 Concrete structures (including supplements and amendments)
- AS/NZS 2865 Safe working in a confined place

Materials or operations not covered by the above shall conform to the appropriate Australian Standard.

7.3 FURNITURE ITEMS

7.3.1 APPROVED SUPPLIERS

All furniture items shall be supplied in accordance with the plans approved by the City. The following table lists the furniture items and the approved supplier/s. The Service Provider may apply for an equivalent product for approval by the City's Representative.

Program Manager (Streetscapes) (02) 9265 9055

7.4 HANDLING, STORAGE AND DISPOSAL OF EXISTING FURNITURE

7.4.1 NON- QMS Media / ABUD AUSTRALIA FURNITURE ITEMS

All existing furniture identified for temporary removal and relocation in the approved documents is to be carefully removed, protected prior to removal, and carefully labelled and stored for re-use. A full inventory of stored goods is required to be provided by the Service Provider and delivered to a location nominated by the City's Representative. The existing furniture inventory should include photographic evidence of the quality of the furniture prior to protection and removal. All items should be clearly identified while in storage for correct reclamation. The City's Representative will inspect the furniture while in storage.

The costs of protection, removal identification, relocation and repair (if necessary) of existing furniture are to be borne by the Service Provider or Subservice Provider. Any additional protection and identification required to satisfy the City's Representative must be provided at the Service Provider's or Subservice Provider's cost. Notethat bins will be maintained in working order, cleaned and repaired by the City.

The City's Representative may request the Service Provider to dispose of approved unwanted furniture. Disposal of approved unwanted furniture is to be undertaken at the Service Provider's or Subservice Provider's cost.

Unwanted furniture must be disposed in a manner that is ethical, efficient, and where practical maximises a value outcome for the City.

The Service Provider is to prioritise furniture re-use and materials recycling ahead of disposal to landfill, which is considered an undesirable outcome. The Service Provider must remove all City of Sydney visual identifiers such as logos and labels from any unwanted furniture before disposing of items by resale or auction.

All seats are to be maintained and repaired to a high-quality finish. The existing patina on the metal is to be protected and not cleaned.

7.4.2 QMS Media / ABUD FURNITURE ITEMS

The Service Provider shall liaise with the City's Representative to coordinate the removal, storage and reinstallation of QMS Media / ABUD furniture. The Service Provider shall meet all costs associated with these Works.

7.5 SUPPLY AND INSTALLATION

7.5.1 GENERAL

The supply and installation of street furniture is to be coordinated by the Service Provider. The Service Provider shall liaise with the approved supplier(s) to coordinate delivery including lead times and installation arrangements.

Furniture items shall be installed in the positions shown on the approved plans or as directed by the City's Representative.

The Service Provider shall carry out the following activities as applicable to the approved work:

- Revise locations of furniture, whether new or existing, as part of the Works (where required), in accordance with the requirements of this Technical Specification. The Service Provider shall check that critical setback offsets have been adhered to as per the standard detail.
- Amend and finalise setout levels and locations, and coordinate for pavement works to ensure the correct and appropriate installation of furniture as directed by the City's Representative.
- All activities are required to comply with the standards, codes and guidelines (including current Australian Standards) referred to in this Technical Specification, and all other applicable standards that are not specifically referred to in this Technical Specification.
- Ensure setout of furniture does not restrict access or obscure sight-lines in front of the doors of businesses and premises, particularly glass shopfronts, where possible. The Service Provider shall

liaise with tenants and private property owners to ensure that furniture is appropriately and discreetly located where possible. The Service Provider is also required to fully coordinate these actions with the City's Representative and other relevant authorities.

- Ensure setout of furniture does not obstruct cleaning, maintenance or the intended function of any existing street furniture.
- Ensure that relevant authority requirements for the location and maintenance of all street furniture items are achieved.
- Ensure that all street furniture is stable, safe, clean and fit for use.

All furniture shall be installed plumb and level unless specified otherwise, and shall be appropriately bolted and fixed according to the manufacturer's specifications. If fixing instructions are not available, the Service Provider shall confirm with structural consultants for the appropriate fixing methods in consultation with the City's Representative. All fixings, conduits, connections and foundations shall be concealed and vandal resistant.

The Service Provider shall complete all paving works surrounding the furniture installed, as required, including tactile pavers where specified.

7.5.2 SPECIFIC REQUIREMENTS

7.5.2.1 QMS Media / ABUD

The Service Provider shall liaise with the City's Representative to coordinate the provision and supply of the furniture items. The Service Provider shall ensure that sufficient notice is given considering long-lead items, in order to ensure the items are available and ready to be installed. QMS Media / ABUD must be given a minimum of two months' notice of the order. The installation of all QMS Media / ABUD furniture is to be coordinated by the Service Provider.

The Service Provider is to refer to the QMS Media / ABUD standard drawings and jig set-up procedure.

The supply and installation shall be completed by QMS Media / ABUD, unless specified and approved otherwise by the City's Representative. Installation shall include the following activities:

- Construction of footings
- Fixing furniture
- Supply and connection of electrical service
- Supply and connection of communication service
- Final commissioning.

It is the Service Provider's responsibility to ensure that the construction works do not compromise QMS Media / ABUD installation of the furniture. In any such instance, the Service Provider will be directed to rectify the matter at their own cost. The Service Provider shall provide safe access to the works site for the supplier, and coordinate their activities to meet the completion date.

7.5.2.2 TELSTRA

The Service Provider shall liaise directly with Telstra to coordinate the provision and supply of the furniture items. The Service Provider shall ensure that sufficient notice is given considering long-lead items, in order to ensure the items are available and ready to be installed. Telstra must be given a minimum of three (3) months' notice of the order. The installation of all Telstra furniture is to be coordinated by the Service Provider.

The Service Provider is to refer to the Telstra standard drawings and jig set-up procedure.

The supply and installation shall be completed by Telstra, unless specified and approved otherwise by the City's Representative. Installation shall include the following activities:

- Construction of footings
- Fixing furniture
- Supply and connection of electrical service
- Supply and connection of communication service
- Final commissioning.

It is the Service Provider's responsibility to ensure that the construction works do not compromise Telstra's installation of the furniture. In any such instance, the Service Provider will be directed to rectify the matter at their cost. The Service Provider shall provide safe access to the works site for the supplier, and coordinate their activities to meet the completion date.

7.5.2.3 PARKING METERS

The Service Provider shall consult with the City's Parking Services Contract Coordinator for the installation requirements of all parking meters to the approval of the City's Representative.

7.5.2.4 BICYCLE SECURITY RINGS

Refer to the City's Bicycle Parking Installation Manual – Incidental and Low Capacity Parking 'O' rings and 'U' rails.

7.6 QUALITY

7.6.1 INSPECTIONS

At least two working days' notice shall be given for all inspections.
