

Key:

- 1 -Paving in ground. Paving marks the location of removed sandstone wall and former entrance gates.
- 2 -Corten steel facade wall over existing degraded sandstone wall
- 3 -Entry including signage wall and re-located plaque
- 4 -Low planting under existing figs
- 5 -Sandstone sitting steps to Glebe Point Rd
- 6 -Low planting on new terraced planters
- 7 -Increased paved area to front of war memorial
- 8 -New connection to St John's Church. Pre-cast concrete ramps bridging over existing levels and tree roots
- 9 -Concrete steps
- 10-Low planting and benches along decomposed granite path
- 11-Low planting under trees
- 12-Village green. Regraded turf area
- 13-Wireless house: remove structure and interpret function
- 14-Steps - 150mm height with handrail
- 15-Turf area with interpretive overlay of Hereford House
- 16-Seating steps - 300mm height
- 17-Decorative concrete plinth in location of former Hereford House verandah with tables and seats
- 18-Decomposed granite area as flexible stage
- 19-Seating along path
- 20-Avenue of deciduous trees
- 21-Existing *Liquidamber* with low planting and timber seating
- 22-Decomposed granite area
- 23-Picnic seating under arbor structure - dark grey painted steel beams
- 24-Existing declining Figs to be retained
Extended garden bed under trees to protect root zone
- 25-Wide entry stairs to Pyrmont Bridge Rd with tactile indicators
- 26-Existing substation to be retained
- 27-Toilets (1 male, 1 female, 1 accessible)
- 28-Play area (with 1200mm high pallisade fence)
 - a=sand pit with waterplay + shade structure
 - b=spinning piece
 - c=swings (2 junior swings)
 - d=swings (4 mixed age + hammock)
 - e=slide
 - f=rope mesh climbing unit
 - g=rubber bollards
 - h=balance beams through planting
 - i=timber platforms
 - j=speaking tubes
 - k=toddler interactive element
- 29-Planting to periphery of playground
- 30-900mm high handrail adjacent top of existing wall
- 31-Above ground water tanks - subject to adjacent land owner's approval for connection to roofwater. Dark grey, powder-coated corrugated iron slimline tanks

Legend

	asphalt path		concrete plinth seat		sandstone wall / sitting steps		planting bed		corten steel facade wall		posttop light		rubbish bin with dog tidy station		existing tree to be retained
