Information relating to hoisting activity and public safety

The approval of hoisting activity over a public road (roadway and/or footway) is regulated through the Local Government Act 1993 and the Roads Act 1993 including associated Regulations. Any approval granted for this activity does not endorse or approve the design or structural adequacy of a hoisting device, system or operation for the purposes of satisfying a person's responsibilities under the Work Health and Safety Act 2011 and regulations including the provisions of Clauses 34, 35, 54, 55 and 235 of the Work Health and Safety Regulation 2011(see below)

The Work Health and Safety Regulation 2011

Clause 34: Duty to identify hazards

A duty holder, in managing risks to health and safety must identify reasonably foreseeable hazards that could give rise to risks to health and safety.

Clause 35: Managing risks to health and safety

A duty holder, in managing risks to health and safety must:

- a) eliminate risks to health and safety so far as is reasonably practicable, and
- b) if it is not reasonably practicable to eliminate risks to health and safety - minimise those risks so far as is reasonably practicable.

Clause 54: Management of risk of falling objects

A person conducting a business or undertaking at a workplace must manage, in accordance with Part 3.1 risks to health and safety associated with an object falling on a person if the falling object is reasonably likely to injure the person. Note: WHS Act - section 19 (see clause 9).

Clause 55: Minimising risk associated with falling objects

- 1) This clause applies if it is not reasonably practicable to eliminate the risk referred to in clause 54.
- 2) The person conducting the business or undertaking at a workplace must minimise the risk of an object falling on a person by providing adequate protection against the risk in accordance with this clause. Maximum penalty: (a) in the case of an individual - \$6,000 or (b) in the case of a body corporate - \$30,000.
- 3) The person provides adequate protection against the risk if the person provides and maintains a safe system of work including:
 - a) preventing an object from falling freely, so far as is reasonably practicable, or
 - b) if it is not reasonably practicable to prevent an object from falling freely - providing, so far as is reasonably practicable, a system to arrest the fall of a falling object.

Examples:

- 1) Providing a secure barrier:
- 2) Providing a safe means of raising and lowering objects:
- 3) Providing an exclusion zone persons are prohibited from entering.
