Self-assessment checklist
Gardening on your street with planter boxes
Before you get started, we ask that you fill in this simple checklist ensuring you answer all questions relevant to your project. We want to make sure you keep your footpath accessible to all users and your project will be well-maintained and meet City guidelines.

If you can’t answer ‘yes’ or ‘NA’ to all the questions in the checklist, talk to one of our officers about your project and they can offer advice on how to make it work.
Checklist for footpath gardens with planter boxes

Tips before you start
- Planter boxes are not suitable for footpaths narrower than 2.6m
- Try to use native or water-wise plants and organic products where possible
- Be sunsmart while you garden
- You are responsible for upkeep, repair or replacement of planter boxes, not the City; clean-up notices or removal orders may be issued to owners of non-conforming planter boxes
- You can get more information on footpath gardening, including the Footpath Gardening Policy on our website at cityofsydney.nsw.gov.au/community/participation

Completing the checklist
Make sure you answer ‘yes’ to all relevant points in the checklist – you can contact us if you have questions or queries.

Once completed send your checklist via:

Email: council@cityofsydney.nsw.gov.au

Post: Attention: Footpath Gardens, City of Sydney, GPO Box 1591, Sydney NSW 2001

In person:

CBD Neighbourhood Service Centre

Gardening on your street with planter boxes

01/ Location of proposed footpath garden

01.01/ My planter box is not in the policy exclusion zone shown on the map below.

01.02/ The footpath on which I will garden is located outside my property.
02/ Keeping the footpath clear for use

02.01/ Placement of my planter box will allow a clear path at least 1.5 metres wide, as shown in this diagram.

Figure 01

02.02/ On a signposted ‘shared bicycle path’, my planter box will allow a clear path at least 2 metres wide.

02.03/ On a major village street or pedestrian area, my planter box will allow a clear path at least 1.8 metres wide.

Major village streets

Glebe Point Road, Glebe  
(Parramatta Road to Cook Street/Cotter Lane)
Harris Street, Pyrmont  
(Murray Street to the northern end)
Union Street, Pyrmont  
(Harris Street to Murray Street)
King Street, Newtown  
(City Road to Sydney Park Road)
Erskineville Road, Erskineville  
(Wilson Street to Swanson Street)
Oxford Street, Darlington and Surry Hills  
(Wentworth Avenue to South Dowling Street)
Crown Street, Surry Hills  
(Cleveland Street to Oxford Street)

William Street  
(from College Street to Darlinghurst Road)
Stanley Street, Darlinghurst  
(Yurong Street to Crown Street)
Victoria Street Darlinghurst  
(Burton Street Darlinghurst to McElhone Steps, Potts Point)
Road/Macleay Street Potts Point  
(William Street to Challis Avenue)
Redfern Street, Redfern  
(Chaimers Street to Regent Street)
Regent Street/Botany Road  
(Regent Street to Regent Street)
Redfern to Alexandria (Redfern Street to Henderson Road)
Broadway  
(from Railway Square to Glebe Point Road)

(Major village streets are listed above. Pedestrian areas include civic squares, promenades, parks, open spaces and the like.)
Gardening on your street with planter boxes

03/ Safe Access

03.01/ My planter box will be at least 80cm from street furniture, including public seats, bicycle racks, telephones, parking meters, rubbish bins, services, tree pits and utilities (such as light poles, utility access lids, grates, drains, vents, and light wells) and any building entrance including fire escapes and service entrances.

03.02/ My planter box will be at least 60cm from the kerb edge.

03.03/ My planter box will be at least 2 metres from the edge of a property at a street corner or junction as shown below.

03.04/ My planter box will be placed away from accessible parking bays, pedestrian ramps, taxi stands, loading zones, bus zones, and train stations.

03.05/ My planter box will not be placed over any tactile ground surface indicators used on public footpaths, steps and ramps to provide warnings and directional assistance to pedestrians with vision impairment.

03.06/ My planter box will not be placed on traffic blisters or islands.

03.07/ My planter box will be at least 10 metres from a pedestrian crossing, and;

03.08/ To ensure visibility, my planter box and plants will not be more than 1.1m high if positioned within 20m of the vehicle approach to a pedestrian crossing, traffic lights, roundabout, or when adjacent to kerb ramps.

Address of property:

Signature:

Date:

Insurance note

The City will extend coverage under its liability insurance program to claims for injury or property damage arising out of footpath gardens, provided that they fully comply with the Footpath Gardening Policy and associated checklists. In addition to cover for the physical structures, the City will also extend its insurance cover to residents and community groups for any community gardening activities undertaken by them in compliant gardens.

Privacy Note

The purpose for which this information is being collected is for the City keep on record the completed checklists from residents or business owners who want to set up a footpath garden.
