INTRODUCTION

1.1
Purpose of this Development Control Plan

The purpose of this Development Control Plan (DCP) is to supplement the Sydney Local Environmental Plan (LEP) 2012 and provide more detailed provisions to guide development.

This DCP has been made in accordance with Section 74C of the Environmental Planning & Assessment Act 1979 (the Act) and must be read in conjunction with the provisions of Sydney LEP 2012.

Compliance with the provisions of this DCP does not necessarily guarantee that consent to a Development Application (DA) will be granted. Each DA will be assessed having regard to the LEP, this DCP, other matters listed in Section 79C of the Act, and any other policies adopted by the consent authority.

If there are circumstances when it is not relevant to comply with the controls in this DCP, applicants must provide a written submission clearly demonstrating compliance with the objectives of this DCP, and detailing the reasons the control/s should be varied. The proposed variation must result in a better outcome and meet all objectives of this DCP, and demonstrate that it will result in better outcomes. The submission must also clearly demonstrate the variation sought will not adversely impact on the local amenity.

1.2
DCP name and commencement

This DCP is called Sydney Development Control Plan (DCP) 2012. The DCP was adopted by Council on 14 May 2012 and came into effect on 14 December 2012.
1.3 Aims of this DCP

This DCP provides controls which guide development in order to:

(a) encourage development to respond to its context and is compatible with the existing built environment and public domain;

(b) recognise and reinforce the distinctive characteristics of the City of Sydney’s neighbourhoods and centres;

(c) build upon the detailed objectives and controls under Sydney LEP 2012;

(d) protect and enhance the public domain;

(e) achieve the objectives of the City’s Sustainable Sydney 2030 Strategy;

(f) encourage design that maintains and enhances the character and heritage significance of heritage items and heritage conservation areas; and

(g) encourage ecologically sustainable development and reduce the impacts of development on the environment.

1.4 Land to which this DCP applies

This development control plan applies to the land identified in Figure 1.1 Land covered by this DCP where the City of Sydney is the consent authority.

1.5 Relationship of this DCP to other plans and policies

This DCP is to be read in conjunction with Sydney LEP 2012. Where there is any inconsistency between this DCP and the LEP, the LEP prevails.

This DCP is also to be read in conjunction with the following:

- Environmental Planning and Assessment Act, 1979;
- Environmental Planning and Assessment Regulation 2000;
- Relevant State Environmental Planning Policies (SEPPs) and deemed SEPPs;
- Local Government Act 1993;
- Building Code of Australia (BCA);
- Relevant Australian Standards as identified throughout this DCP;
- Land and Environment Court Planning Principles; and
- Any other policy or document identified for consideration throughout this DCP.

Note: It is advised to check www.legislation.nsw.gov.au for the most current list and version of applicable SEPPs.

How to use this DCP

SECTION 1 INTRODUCTION
This Section explains the purpose of the DCP, where it applies, and how to use the DCP.

SECTION 2 LOCALITY STATEMENTS
This Section establishes desired future character and supporting principles for the various localities across the local government area. Development is required to be consistent with the relevant locality statement. All development types must refer to the relevant locality statement and supporting principles within Section 2 Locality Statements.

SECTION 3 GENERAL PROVISIONS
This Section establishes the general guiding principles for development, including public domain, sustainability, heritage, design excellence, tree management, transport and parking, late night trading and signage.

All development proposals except for development of, or alterations and additions to single dwellings, terraces and dual occupancies must comply with all relevant provisions within this Section.

Where relevant, development or alterations and additions to single dwellings, terraces and dual occupancies must only comply with provisions for tree management, canopy cover, flooding and drainage, heritage, significant existing architectural building types and accessible design.

SECTION 4 DEVELOPMENT TYPES
This Section establishes provisions for certain types of developments including single dwellings, terraces and dual occupancies; residential flats, commercial and retail developments; industrial developments; boarding houses; child care centres; visitor accommodation and other development types.

All development proposals must refer to the provisions that best describes that type of development being proposed.

SECTION 5 SPECIFIC AREAS
This Section establishes additional provisions for Specific Areas of the local government area such as Central Sydney; Green Square; Epsom Park and Rosebery Estate. The provisions in this Section override similar provisions in other sections. When a development standard is not specified in this section, development must be consistent with all other relevant provisions of the DCP. The map at the start of Section 5 must be checked to determine which, if any of these provisions apply.

SECTION 6 SPECIFIC SITES
This Section establishes additional provisions for Specific Sites in the local government area. The provisions in this section override similar provisions in other sections. Where a development standard is not specified in this section, development must be consistent with all other relevant provisions of the DCP. The map at the start of Section 6 must be checked to determine which, if any of these provisions apply.

SCHEDULES
This Section contains further information referred to in the DCP and also additional objectives and principles for specific types of developments in earlier sections of the DCP.
1.11 Development contributions and planning agreements

Development Contribution Plans apply to land within the City of Sydney Local Government Area as shown on Figure 1.2 Contributions Plan. This information is available on the City website at www.cityofsydney.nsw.gov.au. No development can be subject to more than one Contributions Plan. The Development Contribution Plans within the City of Sydney LGA are:

Section 61 Development Contributions Plan
Under Section 61 of The City of Sydney Act, building projects in Central Sydney exceeding $200,000 must make a cash contribution to Council. Section 61 contributions enable the provision of public infrastructure, community projects and facilities.

Ultimo - Pyrmont Section 94 Development Contributions Plan
Ultimo - Pyrmont Section 94 Development Contributions Plan 1994 applies to development within the Ultimo and Pyrmont areas. Development Contributions are payable for development that increases the worker and residential population and floor space. Development Contributions under this plan will not be collected for alterations and additions to dwelling houses that do not involve the creation or erection of a new or separate dwelling on the same allotment.

Other areas (Western Precinct, Southern Precinct, Eastern Precinct), Section 94 Development Contributions Plan 2006
Section 94 Development Contributions Plan 2006 was approved by Council on 12 March 2007 and came into force on Saturday 7 April 2007. This Contributions Plan applies to development approved after that date where Council or the CSPC is the consent authority in the area covered by that plan. Development contributions are payable for development that increases the worker and residential population and floor space. Development contributions under this plan will not be collected for alterations and additions to dwelling houses that do not involve the creation or erection of a new or separate dwelling on the same allotment.

Planning agreements
Planning agreements are made in accordance with the requirements of the Environmental Planning and Assessment Act 1979 and are voluntary agreements between Council and a landowner for development. Voluntary planning agreements within the City of Sydney are listed on a public register.

A planning agreement may include infrastructure works and recurrent expenditure in relation to a public amenity, service or facility. A planning agreement specifies how it relates to any applicable Section 94 Contributions Plan, and may provide that a development be excluded from the requirements of that Plan in exchange for works in kind. Early contact should be made with Council officers where planning agreements are envisaged if the provision of public facilities or the like outside of the requirements of the Section 94 Contributions Plan and/or a planning agreement is proposed.
1.12 Monitoring and review

The consent authority is required to keep the LEP and DCP under regular and periodic review. The consent authority is committed to this process to ensure that the Plans continue to be useful and relevant planning instruments.

The consent authority is to review Sydney Local Environmental Plan 2012 and Sydney Development Control Plan 2012 at least five yearly intervals in order to:

(a) assess the continued relevance and responsiveness of the Plan’s provisions; and the achievement of the objectives of the Plan;

(b) identify the need for changes to the provisions to better achieve the objectives of the Plan and changes in circumstances; and

(c) ensure the availability of adequate development capacity under the Plan’s provisions.
